**EFFECTIVE DATE:** July 12, 1996.

**FOR FURTHER INFORMATION CONTACT:** Edna Taylor, (202) 452-5068.

**SUPPLEMENTARY INFORMATION:** This final regulation removes 43 CFR Part 8000—Recreation Programs from BLM's regulatory program as part of its effort to eliminate unnecessary and inappropriate material in the Code of Federal Regulations.

BLM published a proposed rule on the removal of 43 CFR Part 8000—Recreation Programs in the Federal Register of April 9, 1996 (61 FR 15753), requesting comments by May 9, 1996. During the 30-day comment period, BLM did not receive any comments.

This rule is not subject to the Office of Management and Budget review under Executive Order 12866.

BLM has determined that this final rule is categorically excluded from environmental review under section 102(2)(C) of the National Environmental Policy Act, pursuant to 516 Departmental Manual (DM), Chapter 2, Appendix I, Item 1.10, and that the final rule does not meet any of the 10 criteria for exceptions to categorical exclusion listed in 516 DM, Chapter 2, Appendix 2. Pursuant to Council on Environmental Quality regulations (40 CFR 1508.4) and the environmental policies and procedures of the Department of the Interior, the term "categorical exclusions" means a "category of actions that do not individually or cumulatively have a significant effect on the human environment and that have been found to have no such effect in procedures adopted by the Federal agency and for which neither an environmental assessment nor an environmental impact statement is required."

The final rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The rule does not contain information collection requirements that need approval by the Office of Management and Budget under 44 U.S.C. 3501 et seq.

The principal author of this final rule is Edna Taylor, Regulatory Management Team, BLM.

Accordingly, under the authority of 5 U.S.C. 301, 43 CFR Part 8000—Recreation Programs is removed.

Dated: June 5, 1996.

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** By this *First Report and Order*, the Commission changes and clarifies certain aspects of the microwave relocation rules adopted in our Emerging Technologies proceeding, ET Docket No. 92-9. The Commission also adopts a plan for sharing the costs of relocating microwave facilities currently operating in the 1850 to 1990 MHz ('2 GHz') band, which has been allocated for use by broadband Personal Communications Services ("PCS"). The Commission's plan establishes a mechanism whereby PCS licensees that incur costs to relocate microwave links receive reimbursement for a portion of those costs from other PCS licensees that also benefit from the resulting spectrum clearance. The Commission conditions the cost-sharing plan, however, on selection of one or more entities or organizations to administer the plan.
