BILLING CODE 4410-01-M

Notice of Lodging of Consent Decrees Pursuant to the Clean Air Act

In accordance with Departmental Policy, 28 CFR 50.7, notice is hereby given that a consent decree was lodged in *U.S. v. Union Oil Company of California*, Civil Action No. CV 96-3980-WMB (RMCx) (C.D. Cal.), on June 5, 1996, with the United States District Court for the Central District of California. The case is a civil action under Section 113(b) of the Clean Air Act ("Act"), 42 U.S.C. 7413(b), for violations of provisions of the Act and of the regulations for New Source Performance Standards ("NSPS") in subparts Ka and Kb of Part 60 of 40 C.F.R. that require all openings in the roofs of petroleum storage tanks that are subject to the regulations to be sealed or covered.

The violations of the NSPS regulations involved Union Oil Company of California's (Unocal's) Los Angeles Refinery, located in Los Angeles County, California, and Unocal's Santa Maria Refinery, located in the San Luis Obispo County, California. Petroleum storage tanks at these facilities have "guidepoles" that pass through the roofs of the storage tanks. The complaint alleges that the defendant's use of "slotted" guidepoles—guidepoles perforated by a series of slots along the length of the pole—violate NSPS that require all openings in the roofs of petroleum storage tanks to be sealed or covered. The complaint seeks injunctive relief to ensure future compliance with the NSPS regulations. Under the consent decree, Unocal will retrofit a total of 7 tanks with agreed upon emission

control equipment. After retrofitting the specified tanks, the defendant is required to operate the emissions control equipment specified by its consent decree in compliance with the Clean Air Act and its consent decree.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed consent decree. Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, Department of Justice, Washington, D.C. 20530, and copied to Robert R. Klotz, Environmental Enforcement Section, U.S. Department of Justice, 301 Howard Street, Suite 870, San Francisco, CA 94105, and should refer to *U.S. v. Union Oil Company of California*, DOJ No. 90-5-2-1-2017.

The proposed Unocal consent decree may be examined at the office of the United States Attorney, Central District of California, 1100 United States Courthouse, 312 North Spring Street, Los Angeles, California 90012; at the Region IX Office of the Environmental Protection Agency, 75 Hawthorne Street, San Francisco, California 94105; and at the Consent Decree Library, 1120 G Street, N.W., 4th Floor, Washington, D.C. 20005, (202) 624-0892. A copy of the proposed consent decree may be obtained in person or by mail from the Consent Decree Library, 1120 G Street, N.W., 4th Floor, Washington, D.C. 20005. To request a copy of the consent decree in *United States v. Union Oil Company of California*, please refer to that case and DOJ No. 90-5-2-1-2017 and enclose a check in the amount of \$4.25. Your check should be payable to the Consent Decree Library.

Joel Gross,

*Chief, Environmental Enforcement Section,
Environment and Natural Resources Division.*

BILLING CODE 4410-01-M

Antitrust Division

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Embedded Mass Formed Passives Consortium—USAF Wright Laboratory

Notice is hereby given that, on May 7, 1996, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), the Embedded Mass Formed Passives Consortium has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing

(1) the identities of the parties and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are: Motorola, Inc., Schaumburg, IL; the Boeing Company, Seattle, WA; Georgia Tech Research Corporation, Atlanta, GA; North Carolina State University, Raleigh, NC; and PolyMore Circuit Technologies, L.P., Maryville, TN.

The objective of the Consortium is to develop low cost passive components which can be integrated into electronic packages, and to demonstrate this technology for both military and commercial applications.

Constance K. Robinson,

Director of Operations, Antitrust Division.
