Reorganization of Coast Guard Areas, Districts, and Marine Inspection and Captain of the Port Zones

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: To conform with an internal reorganization of its field command structure, the Coast Guard is amending the descriptions of the Second and Eighth Coast Guard District boundaries and redesignating several Marine Inspection and Captain of the Port Zones. In addition, the Coast Guard is amending the description of the location of the Atlantic Area, Pacific Area, and Eleventh Coast Guard District offices. These changes are administrative and will not impact the type or level of Coast Guard services performed.

EFFECTIVE DATE: This rule is effective June 13, 1996, except for § 3.04-1(a) which is effective June 14, 1996, and § 3.04-3(a) which is effective June 28, 1996.

SUPPLEMENTARY INFORMATION:

Background and Purpose

Atlantic Area and Pacific Area

During 1996, the Coast Guard reorganized the Area field command and control structures and relocated the Atlantic Area office from New York

City, to Portsmouth, VA, and relocated the Eleventh District office from Long Beach, CA, to Alameda, CA. The Atlantic and Pacific Area Commanders also serve as the Fifth and Eleventh District Commanders, respectively. The separate authorities and responsibilities of the Area Commanders and District Commanders are unaffected by the consolidated of their command staffs.

Second District—Merger Into the Eighth District

Previously, the Second Coast Guard District and Eighth District exercised jurisdiction in their respective regions. In 1996, the Coast Guard realigned its field command and control structure in the Gulf of Mexico and Midwestern regions through the merger of the Second District into the Eighth District. The Second District has been disestablished and the Eighth District boundaries have been expanded to include the prior Second District area of responsibilities. This realignment enables more efficient internal management and enhances mission performance in the affected region. The merger streamlined command and control of activities within the combined Second and Eighth District regions. The Eighth District Commander now exercises authority over the combined geographic region. The merger will not adversely affect the public, since there will be no change in Coast Guard operational assets or Coast Guard services in the respective regions. The descriptions of Marine Inspection and Captain of the Port Zones which belonged to the Second District are being renumbered to reflect their realignment with the Eighth District.

Discussion of Changes

§ 3.01-1. This section, describing generally the Area Commanders' responsibilities, is revised to reflect the fact that the Atlantic Area Commander also serves as Fifth District Commander and the Pacific Area Commander also serves as the Eleventh District Commander.

§ 3.04-1. This section, describing the Area offices and jurisdictions, is revised to reflect the relocation of the Atlantic Area office from New York, NY to Portsmouth, VA and eliminates reference to the Second Coast Guard District which was disestablished with its merger into the Eighth District. The section is also revised to correctly reflect the location of the Pacific Area office as Alameda, CA and to reflect relocation of Eleventh District office from Long Beach, CA to Alameda, CA.

§ 3.10-1. This section, describing the Second District, is removed to conform

with the disestablishment of the Second District as a result of its merger into the Eighth District.

§ 3.10-10 through 03.10-50. These sections, describing the six Marine Inspection and Captain of the Port Zones within the prior Second District, are redesignated under Subpart 3.40 to conform with the reassignment of these MI and COTP zones to Eighth District as a result of the merger of the Second District into the Eighth District.

§ 3.40-1. This section, describing the Eighth District, is revised to describe its new boundaries which incorporate the prior Second District boundaries as a result of the merger of the Second District into the Eighth District.

The current CFR descriptions do not reflect the reorganizations in the Coast Guard Areas, affected Coast Guard District, and the realignment of Marine Inspection (MI) and Captain of the Port (COTP) Zones. Since this is a matter relating to agency organization, procedure, and management, it is excluded from the requirements of section 553(b)(3)(A) of the Administrative Procedure Act (5 U.S.C. 551 *et seq.*) for a notice of proposed rulemaking and public comment. These changes are administrative and will not impact the type or level of Coast Guard services performed. Further, since the rule has no substantial effect on service to the public, good cause exists under 5 U.S.C. 553(d) to make the rule effective less than 30 days after publication.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has not been reviewed by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary. This rule merely implements administrative changes within the Coast Guard structure. Coast Guard services to the public will not be changed.

Collection of Information

This rule contains no collection-of-information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*)
