NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-254 and 50-265]

MidAmerican Energy Company; Notice of Indirect Transfer of Control of License

Notice is hereby given that the United States Nuclear Regulatory Commission (Commission) is considering approval under 10 CFR 50.80 of the indirect transfer of control of the licenses held by MidAmerican Energy Company (MidAmerican) with respect to its 25 percent ownership interest in Quad Cities Nuclear Power Station, Units 1 and 2, to MidAmerican Energy Holdings Company (Holdings). By letter dated April 4, 1996, MidAmerican informed the Commission that the current holders of MidAmerican common stock will receive one share of Holdings common stock in exchange for each share of MidAmerican. Holdings will own all common stock of MidAmerican.

Pursuant to 10 CFR 50.80, no license shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission consents in writing after notice to interested persons, upon the Commission's determination that the holder of the license following the transfer of control is qualified to hold the license and the transfer of the control is otherwise consistent with applicable provisions of law, regulations and orders of the Commission. MidAmerican has requested consent under 10 CFR 50.80 for the indirect transfer of the licenses effected by the restructuring resulting in the newly formed holding company.

For further details with respect to this action, see the April 4, 1996, letter, which is available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the Dixon Public Library, 221 Hennepin Avenue, Dixon, Illinois 61021.

Dated at Rockville, Maryland this 7th day of June 1996.

For the Nuclear Regulatory Commission.

Robert A. Capra,

Director, Project Directorate III-2, Division of Reactor Projects—III/IV, Office of Nuclear Reactor Regulation.

Phased Withdrawal From the Small Business Innovation Research (SBIR) Program in FY 1996

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice.

SUMMARY: The NRC has participated in the SBIR program since its inception in 1982. However, due to significant reductions in the NRC's FY 1996 budget, the extramural research and development (R&D) budget falls substantially below the \$100 million threshold for mandatory participation in the SBIR program. This current trend is expected to continue into future fiscal years. The NRC must focus its limited research funds on high priority work needed to support, confirm, or refine judgments used in regulatory decisions affecting public health and safety. Therefore, the NRC requested, in a letter to the U.S. Small Business Administration, Office of Technology dated September 19, 1995, approval for a phased withdrawal from the SBIR program in FY 1996 and beyond. SBA responded on April 16, 1996, that the NRC's phased withdrawal was approved. Should the NRC's extramural R&D budget increase above the \$100 million threshold in the coming years, the NRC would again participate in the SBIR program.

The phased withdrawal is being accomplished as follows: (1) A SBIR Phase I solicitation will not be issued in FY 1996 or future years while the NRC is below the mandatory threshold for participation in this program; (2) in FY 1996 the NRC will fund between one-third and one-half of the Phase II proposals resulting from its FY 1995 SBIR Phase I awards; and (3) the NRC is informing the small business community of this action through this Federal Register Notice and will issue letters to the small businesses on its SBIR mailing list.

FOR FURTHER INFORMATION CONTACT: Marianne Riggs on (301) 415-5822 or Deborah Neff on (301) 415-8160.

SUPPLEMENTARY INFORMATION: The NRC continues to support small business opportunities. For further information regarding the NRC small business program, you may contact the Office of Small Business and Civil Rights on (301) 415-7380.

Dated at Rockville, MD this 10th day of June 1996.

For the Nuclear Regulatory Commission.

Mary H. Mace,

Contracting Officer.
