

will raise the requisite funds to finance its operating costs.

III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to the Association, and, in particular, with the requirements of Section 15A(b)(5).<sup>5</sup> Section 15A(b)(5) requires that the rules of the Association provide for the equitable allocation of reasonable dues, fees, and other charges among members.

The Commission believes that using a member's gross revenue for assessment purposes provides for the equitable allocation of reasonable assessments among members. The Commission notes that the rule proposal recognizes interest and dividend revenue as part of a member's gross revenue for assessment purposes, while recognizing that expenses incurred in connection with such interest and dividend revenue should be allowed to be deducted from such revenue. Moreover, the rule proposal allows, alternatively, members whose business incurs less direct expense in connection with interest and dividend revenue to deduct 40% of interest earned by the member on customer securities accounts. This alternative deduction is intended to eliminate the potential for inequitable allocation of assessments on those members whose interest and dividend revenue is obtained without significant expenses related to trading strategies, such as a member that derives interest revenue primarily from margin accounts financed by its own capital. The proposed rule also allows a member to deduct from its gross revenue an additional \$50,000 of net interest and dividend revenue to encourage the accumulation of net capital.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,<sup>6</sup> that the proposed rule change (SR-NASD-96-15) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority, 17 CFR 200.30-3(a)(12).

Margaret H. McFarland,

*Deputy Secretary.*
