SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U. S. C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director of the Information Resources Group publishes this notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department, (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Algonquin Gas Transmission Company; Notice of Compliance Filing

June 18, 1996.

Take notice that on June 14, 1996, Algonquin Gas Transmission Company (Algonquin) tendered for filing its true-up compliance filing in accordance with Ordering Paragraphs (B) and (C) of the Commission's April 26, 1996 order issued in the captioned docket.

Algonquin states that the April 26 order accepted the tariff sheets contained in Algonquin's limited Section 4 filing effective May 1, 1996, and directed that Algonquin file its true-up compliance filing by June 15. Algonquin states that Appendix A, to the filing, contains pro forma tariff sheets, reflecting corrected rates as directed by the Commission in its April 26 order.

Algonquin requests that the Commission approve the true-up, based on per books data, of the rates previously filed with and accepted by the Commission in Docket No. RP96-185-000, and accept the pro forma sheets contained in Appendix A to the filing. Algonquin states that the revised rates reflect an annual decrease in cost of service of \$68,984.

Algonquin states that copies of the filing have been mailed upon each person on the official service list compiled by the Secretary in Docket No. RP96-185 and to all customers and interested state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
