

line-haul minimum weight of 5,000 pounds or actual weight, if greater, at the 5,000 pound tender rate."

Item 327, Paragraph 2c, beginning on line 2, the second sentence will read: "Shipments of bulk white phosphorus or of bulk initiating or priming explosives, wetted (Diazodinitrophenol, mercury fulminate, guanyl nitrosaminoguanilydene hydrazine, lead azide, lead styphnate, nitromannite, nitrosoguanidine, pentaerythrite tetranitrate, tetrazene, lead mononitroresorcinat) will be subject to a line-haul minimum weight of 10,000 pounds or actual weight, if greater, at the 10,000 pound tender rate."

Cancel Note 3 to Item 325 and Item 327.

DATES: Comments concerning the proposed changes must reach Headquarters, Military Traffic Management Command, ATTN: MTOP-T-SR, 629 NASSIF Building, 5611 Columbia Pike, Falls Church, VA 22041-5050, within 60 days of the publication date of this Federal Register notice.

FOR FURTHER INFORMATION CONTACT: Mr. Julian Jolkovsky, MTOP-T-SR, (703) 681-3440, or Mr. James Murphy, MTOP-T-SR (703) 681-3443.

SUPPLEMENTARY INFORMATION: These changes will clarify that the commodities in these Item 325 and 327 paragraphs refer to "bulk" commodities. "Bulk," as used in Items 325 and 327, means a package containing only the individual commodity, such as a package containing only lead azide. Shipments of small amounts of these commodities, as components of ammunition, have significantly lower risk because of safe and arming designs and devices and packaging, and therefore should not be subject to higher minimum weights. Cancellation of Note 3 to Items 325 and 327 eliminates misinterpretations concerning chemical ammunition that have occurred in the past.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

BILLING CODE 3710-08-M

Defense Logistics Agency

Privacy Act of 1974: Computer Matching Program Between the Department of Defense and the Social Security Administration

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, Department of Defense (DoD).

ACTION: Notice of a computer matching program between the Social Security

Administration and the Department of Defense.

SUMMARY: Subsection (e)(12) of the Privacy Act, 5 U.S.C. 552a, requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The Department of Defense (DoD), as the matching agency under the Privacy Act, is (1) hereby giving indirect or constructive notice in lieu of direct notice to the record subjects of this computer matching program between the Social Security Administration (SSA) and DoD that their records are being matched to validate an applicant's initial eligibility for, or recipients receiving, Supplemental Security Income (SSI) benefits from the SSA; and (2) announcing to the public the opportunity to comment on the proposed computer matching program.

DATES: This proposed action is effective on July 25, 1996, when the computer matching agreement will become effective and matching will proceed accordingly without further notice, unless comments are received which would result in a contrary determination or if the Office of Management and Budget or Congress objects thereto. Any public comments must be received before the effective date.

ADDRESSES: Please submit written comments to the Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Room 920, Arlington, VA 22202-4502. Telephone (703) 607-2943 or DSN 327-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the DoD and the SSA has concluded an agreement to conduct a computer matching program between the agencies. The purpose of the computer match is to verify the information furnished to the SSA by applicants and recipients of Supplemental Security Income benefits who are retired military members or their survivors. By law, the SSA must independently verify the information submitted by applicants and recipients. Computer matching appeared to be the most efficient and economical manner in which this verification process could be accomplished while preserving the due process of the individual concerned. Therefore, it was concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between the SSA and the

DoD is available upon request to the public. Requests should be submitted to the address above or to Mr. Steve Hawk, Matching Staff, Social Security Administration, 3-J-3 Annex Building, 6401 Security Boulevard, Baltimore, MD 21235.

Set forth below is a notice of the establishment of a computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on Computer Matching published in the Federal Register at 54 FR 25818 on June 19, 1989.

The matching agreement as required by 5 U.S.C. 552a(r) of the Privacy Act, was submitted on June 4, 1996, to the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget, pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (61 FR 6428, February 20, 1996). The matching program is subject to review by OMB and Congress and shall not become effective until that review period has elapsed.

Dated: June 10, 1996.

Patricia L. Toppings,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

Computer Matching Program Between the Department of Defense and the Social Security Administration for Verification of Eligibility for Supplemental Security Income

A. Participating agencies: Participants in this computer matching are the Social Security Administration (SSA) and the Defense Manpower Data Center (DMDC) of the Department of Defense (DoD). The SSA is the source agency, i.e., the agency disclosing the records for the purpose of the match. The DMDC is the specific recipient agency or matching agency, i.e., the agency that actually performs the computer matching.

B. Purpose of the match: The Social Security Act requires SSA to verify, with independent or collateral sources, information provided to SSA by applicants for and recipients of SSI payments. The SSI applicant or recipient provides information about eligibility factors and other relevant information. SSA obtains additional information as necessary before making any determinations of eligibility or payment amounts or adjustments thereto. With respect to military

retirement payments to SSI recipients who are former members of the Uniformed Services or their survivors, SSA proposes to accomplish this task by computer matching with the DOD. The component responsible for the disclosure on behalf of DOD is the Defense Manpower Data Center. The responsible component for SSA is the Office of Program Benefits Policy.

C. Authority for conducting the match: The legal authority for the matching program is contained in section 1631(e)(1)(B) and (f) of the Social Security Act (42 U.S.C. 1383(e)(1)(B) and (f)).

D. Records to be matched: The systems of records maintained by the respective agencies under the Privacy Act, from which records will be disclosed for the proposed computer match are as follows:

The Social Security Administration, will use records from a system identified as 09-60-0103, entitled 'Supplemental Security Income Record, (SSR), HHS/SSA/OSR', last published in the Federal Register at 60 FR 2150 on January 6, 1995.

The category of records to be used from this system is the SSI eligibility file. DMDC (DoD) will use a record system from the Defense Logistics Agency identified as S322.10 DMDC entitled 'Defense Manpower Data Center Data Base', published in the Federal Register at 61 FR 6355 on February 20, 1996. The categories of records utilized are military retirees and/or their survivors. The specific data elements to be used in the match are set forth below under the description of the computer matching program. Both systems of records respectively contain an appropriate routine use disclosure provision permitting the interchange of the affected personal information between SSA and DMDC. These routine uses are compatible with the purpose for collecting the information and establishing and maintaining the record system.

E. Description of computer matching program: A electronic query file, provided by SSA as the source, will contain approximately 5.5 million records extracted from the Supplemental Security Income Record system of records which is made up of individual record subjects containing the name, social security number and type of beneficiary. The query file will be matched by DMDC, as the recipient matching agency, and matched against the data base category of individuals who are retired members of the Uniformed Services of the United States: Army, Navy, Air Force Marine

Corps, Coast Guard, or the commissioned corps of either the national Oceanic and Atmospheric Administration or the Public Health Service. DMDC will match on the social security number and provide the SSA in a electronic reply file with information on each match (hit), including the following data elements: name, date of birth, address, payments status, monthly pension amount, date of entitlement, the date of any payments stopped and reason. The electronic reply file will contain approximately 4,000 records. SSA will be responsible for verifying and determining if the data on the DMDC reply file are consistent with the data of the SSA query file and to resolving any discrepancies or inconsistencies on an individual basis. SSA will also be responsible for making final determinations as to eligibility for, or thereto or any recovery of overpayments as a result of the match.

G. Inclusive dates of the matching program: This computer matching program is subject to review by the Office of Management and Budget and Congress. If no objections are raised by either, and the mandatory 30 day public notice period for comment has expired for this Federal Register notice with no significant adverse public comments in receipt resulting in a contrary determination, then this computer matching program becomes effective and the respective agencies may begin the exchange of data 30 days after the date of this published notice at a mutually agreeable time and will be repeated on an annual basis. Under no circumstances shall the matching program be implemented before the 30 day public notice period for comment has elapsed as this time period cannot be waived. By agreement between SSA and DMDC, the matching program will be in effect and continue for 18 months with an option to extend it for 12 additional months.

H. Address for receipt of public comments or inquiries: Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Room 920, Arlington, VA 22202-4502. Telephone (703) 607-2943.

BILLING CODE 5000-04-F

Privacy Act of 1974; Notice to Amend Records Systems

AGENCY: Defense Logistics Agency, DOD.

ACTION: Notice to amend records systems.

SUMMARY: The Defense Logistics Agency proposes to amend five systems of records notices in its inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended.

The amendments consist of changing an address from Defense Manpower Data Center, 99 Pacific Street, Suite 155A, Monterey, VA 93940-2453 to Defense Manpower Data Center, DoD Center Monterey Bay, 400 Gigling Road, Seaside, CA 93955-6771.

DATES: The amendments will be effective on July 25, 1996, unless comments are received that would result in a contrary determination.

ADDRESSES: Send comments to the Privacy Act Officer, Defense Logistics Agency, DASC-RP, Alexandria, VA 22304-6100.

FOR FURTHER INFORMATION CONTACT: Ms. Susan Salus at (703) 767-6183.

SUPPLEMENTARY INFORMATION: The Defense Logistics Agency notices for systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the Federal Register and are available from the address above.

The amendments consist of changing an address from Defense Manpower Data Center, 99 Pacific Street, Suite 155A, Monterey, VA 93940-2453 to Defense Manpower Data Center, DoD Center Monterey Bay, 400 Gigling Road, Seaside, CA 93955-6771.

The proposed amendments are not within the purview of subsection (r) of the Privacy Act (5 U.S.C. 552a), as amended, which would require the submission of a new or altered system report. The specific changes to the records systems being amended are set forth below followed by the notices, as amended, published in their entirety.

Dated: June 10, 1996.

Patricia L. Toppings,
Alternate OSD Federal Register Liaison
Officer, Department of Defense.

§322.11 DMDC

SYSTEM NAME:

Federal Creditor Agency Debt Collection Data Base.

SYSTEM LOCATION:

Primary location: W. R. Church Computer Center, Naval Postgraduate School, Monterey, CA 93943-5000.

Decentralized segments: Military and civilian payment and personnel centers of the military services, the Office of Personnel Management, and Federal creditor agencies.

Backup location: Defense Manpower Data Center, DoD Center Monterey Bay,
