**Proposed Information Collection Activity; Comment Request**

**Proposed Projects**

*Title* 45 CFR 303.7—Provision of Services in Interstate Child Support Enforcement Cases; Standard Forms.

*OMB No.:* 0970-0085.

*Description:* Regulations at 45 CFR 303.7 require a State child support enforcement agency to transmit child support case information on standard interstate forms when referring a case to another State for processing. The forms promote uniformity and standardization.

States will have the choice of using one of two sets of forms—one set accommodates the Uniform Reciprocal Enforcement of Support Act (URESA) and the other set accommodates the Uniform Interstate Family Support Act (UIFSA). The URESA forms are the existing forms currently used by States. The UIFSA forms were recently developed by a workgroup of child support practitioners; these forms have been pilot-tested in several jurisdictions. UIFSA has now been adopted by over 30 States. OCSE contemplates that UIFSA forms will eventually be used for all cases.

*Respondents:* State Governments.

**ANNUAL BURDEN ESTIMATES**

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Standard forms .....	54	3000	.2666667	43,200

*Estimated Total Annual Hours:* 43,200.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Information Services, Division of Information Resource Management Services, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: June 25, 1996.
