

Executive Director is Mr. Paul Roberson in San Antonio, TX, telephone (210) 207-2124.

Surplus Property Descriptions

The following is a listing of the land and facilities at Kelly Air Force Base, San Antonio, TX that are surplus to the federal government.

Land

Approximately 968 acres of land at Kelly Air Force Base and a non-contiguous parcel known as East Kelly containing approximately 323 additional acres of land. These areas will be available between April 1998 and July 13, 2001.

Buildings

Improvements include single and multi family housing, office, industrial and commercial buildings, community support facilities including gas station and recreational facilities, and hangars and support buildings adjacent to the airfield.

Expressions of Interest

Pursuant to paragraph 7(C) of Section 2905(b) of the Defense Base Closure and Realignment Act of 1990, as amended by the Base Closure Community Redevelopment and Homeless Assistance Act of 1994. State and local governments, representatives of the homeless, and other interested parties located in the vicinity of Kelly Air Force Base, San Antonio, TX shall submit to the Greater Kelly Development Authority a notice of interest, of such governments, representatives, and parties in the above described surplus property, or any portion thereof. A notice of interest shall describe the need of the government, representative, or party concerned for the desired surplus property. Pursuant to paragraph 7(C) of said section 2905(b), the Greater Kelly Development Corporation shall assist interested parties in evaluating the surplus property for the intended use and publish in a newspaper of general circulation in Texas the date by which expressions of interest must be submitted.

Department of the Army

Notice of Intent To Prepare an Environmental Assessment (EA) for Disposal of Property at the Defense Personnel Support Center (DPSC), Philadelphia, PA

AGENCY: Department of the Army, DoD.

ACTION: Correction notice.

SUMMARY: This document contains a correction to a previous notice published in the October 13, 1995, edition of the Federal Register (60 FR 53344-53345) and in subsequent advertisements published on November 9, 1995, in local media; i.e., *Philadelphia Inquirer*, *Philadelphia Daily News*, *South Philadelphia Review*, *Defense Personnel Support Center News*. In this previous notice, the Army indicated that it would, in accordance with the provisions and requirements of the National Environmental Policy Act (NEPA) of 1969, prepare an Environmental Impact Statement (EIS) whereby it would assess the potential direct, indirect and cumulative impacts resulting from its disposal (and, secondarily, the subsequent reuse by others) of the Defense Personnel Support Center (DPSC)—and Army-owned installation located in Philadelphia, Pennsylvania.

Nonetheless, after carefully considering the information gathered and analysis performed during the past eight months, the Army has not determined that it would be more appropriate to prepare an Environmental Assessment (EA) for the disposal and reuse of DPSC.

Accordingly, to afford the public the greatest opportunity practicable to participate in the assessment of impacts and alternatives associated with the preparation of an EA for the disposal and reuse of DPSC, the Army will (although not legally required to do so) proceed as follows:

(1) A draft copy of the DPSC EA will be made available to the public on Monday, July 15, 1996, at the Free Library of Philadelphia, the Passyunk Branch at 20th and Shunk Streets.

(2) Comments regarding this draft EA will be accepted by Mr. John Bravo, the Base Environmental Coordinator at DPSC, DPSC-DXE, 2800 South 20th Street, Philadelphia, PA, 19145 until 5 PM daylight savings time on Monday, July 29, 1996.

(3) Army representatives will host a public meeting at the Defense Personnel Support Center Auditorium on July 30, 1996, at 7 PM daylight savings time, at which meeting they will respond to comments the Army has received

respecting the draft EA, and they will also solicit and respond to any other questions and comments concerning the Army's NEPA process at DPSC that members of the audience may raise at that time.

Following the conclusion of the July 30, 1996, meeting, the Army will proceed with its DPSC NEPA analysis in accordance with applicable legal and regulatory requirements.

FOR FURTHER INFORMATION CONTACT: For further information regarding this environmental assessment, please contact the DPSC Project Manager, Army Corps of Engineers, Mobile District, at 334-690-2725.

Raymond J. Fatz,

Acting Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health) OASA (I,L&E).
