

[Docket No. RP96-283-000]

Columbia Gulf Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

June 26, 1996.

Take notice that on June 21, 1996, Columbia Gulf Transmission Company (Columbia Gulf) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the tariff sheets listed on Appendix A attached to the filing, to become effective August 1, 1996.

Columbia Gulf states that the revised tariff sheets introduce two new services: (1) A Pool Balancing Service which will permit customers to schedule and receive different volumes at pooling points under Rate Schedules AS-Gulf and IPP-Gulf; and (2) a Title Tracking Service under which Columbia Gulf will track pool-to-pool transfers of nominated quantities when the points of receipt and delivery are pooling points established under Rate Schedules AS-Gulf and IPP-Gulf and are located within the same rate zone. Further, the revised tariff sheets include certain revisions to Rate Schedules FTS-1, FTS-2, ITS-1, ITS-2, AS-Gulf, and IPP-Gulf, and to the General Terms and Conditions of Columbia's Gulf's currently effective tariff.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. CP96-586-000]

Texas Eastern Transmission Corporation; Notice of Application

June 26, 1996.

Take notice that on June 20, 1996, Texas Eastern Transmission Corporation (Texas Eastern), 5400 Westheimer Court,

Houston, Texas 77056-5310, filed in Docket No. CP96-586-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon by sale to Centana Intrastate Pipeline Company (Centana) the facilities known as Silsbee, Big Hill and Line 14, located in Orange, Jasper, Hardin, Newton and Jefferson Counties, Texas, all as more fully set forth in the application on file with the Commission and open to public inspection.

Texas Eastern states that the Silsbee facilities consist of Lines 2-F and 2-J comprising 55.92 miles of various sized pipeline ranging from 3.5 inches to 10 inches in diameter and associated with meter stations. Texas Eastern further states that the Big Hill facilities consist of Line 8-A comprising 13.61 miles of various sized pipeline ranging from 6.625 inches to 8.625 inches in diameter and associated meter stations. In addition, Texas Eastern states that Line 14 consists of 5.80 miles of 30-inch pipeline paralleling a portion of Line 16 between the Beaumont, Texas compressor station and the Vidor, Texas compressor station.

It is stated that since June 1993, throughput on the Silsbee facilities has declined from 7.0 mdth per day to 5.5 mdth per day and is expected to continue to decline in the future. It is also stated that there has been no recorded throughput on the Big Hill facilities since December 1994. In addition, it is stated that throughput on Line 14 has averaged 1,280 dth per day with current line utilization at under 1 percent. Texas Eastern states that current production on the Silsbee facilities will continue to be available to Texas Eastern's customers at no additional transportation costs and that the throughput on Line 14 will be accommodated by another Texas Eastern line.

Texas Eastern states that it has the understanding that Centana will use the facilities for access to additional wellhead supplies of natural gas needed by Centana to meet the requirements of its intrastate customers, to increase its reliability of service to its intrastate customers, and to alleviate operational constraints on its intrastate system.

Any person desiring to be heard or to protest said reference to said application should on or before July 17, 1996, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be

considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein, must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Texas Eastern to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
