BILLING CODE 4910-13-P

14 CFR Part 71

[Airspace Docket No. 93-ASW-5]

Alteration of VOR Federal Airways; TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule alters eleven Federal airways located in the vicinity of Dallas, TX. This action, which supports the Dallas/Fort Worth Metroplex Plan, is necessary due to the decommissioning of four Very High Frequency

Omnidirectional Range/Tactical Air Navigation (VORTAC) facilities and the commissioning of four new VORTAC's. In addition, this action enhances the flow of air traffic, simplifies routings, increases safety and reduces pilot/controller workload.

EFFECTIVE DATE: 0901 UTC, October 10, 1996.

FOR FURTHER INFORMATION CONTACT: Bil Nelson, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On June 27, 1995, the FAA proposed to amend Title 14 of the Code of Federal Regulations part 71 (14 CFR part 71) to alter eleven Federal airways located in the vicinity of Dallas, TX (60 FR 33158). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Except for editorial changes, this amendment is the same as that proposed in the notice. Domestic VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.9C dated August 17, 1995, and effective September 16, 1995, which is incorporated by reference in 14 CFR 71.1. The airways listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 alters eleven Federal airways located in the vicinity of Dallas, TX. The alterations to the airways surrounding the Dallas/Fort Worth (DFW) International Airport, which are essential to support the Dallas/Fort Worth Metroplex Plan, are necessary because of the decommissioning of the existing Bridgeport, Blue Ridge, Scurry and Action VORTAC's and the commissioning of the Bowie, Bonham, Cedar Creek and Glen Rose VORTAC's. This action enhances the flow of the air traffic, simplifies routings, increases safety, and reduces pilot/controller workload.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT

Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 14 CFR 11.69

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9C, Airspace Designations and Reporting Points, dated August 17, 1995, and effective September 16, 1995, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways

BILLING CODE 4910-13-P

Office of the Secretary

14 CFR Parts 211 and 213

RIN 2105-AC53

Aviation Economic Regulations: Updates and Corrections

AGENCY: Office of the Secretary, DOT.

ACTION: Final rule.

SUMMARY: The Department is amending 14 CFR Parts 211 and 213 to eliminate obsolete provisions and references, to conform citations to the recodification by Pub. L. 103-272 of the Federal Aviation Act and other transportation statutes, and to update organizational titles.

EFFECTIVE DATE: The rule shall become effective on August 2, 1996.

FOR FURTHER INFORMATION CONTACT: George L. Wellington, Chief, Foreign Air Carrier Licensing Division (X-45), Office of International Aviation, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590, (202) 366-2388.

SUPPLEMENTARY INFORMATION: In his Regulatory Reinvention Initiative Memorandum of March 4, 1995, President Clinton directed Federal agencies to conduct a page-by-page review of all of their regulations and to “eliminate or revise those that are outdated or otherwise in need of reform.” In response to that directive, the Department has undertaken a review of its aviation economic regulations as contained in 14 CFR Chapter II. This rule is one result of those efforts.

This rule eliminates obsolete provisions and references, conforms citations to the recodification by Pub. L. 103-272 of the Federal Aviation Act and other transportation statutes, and updates organizational titles. The Department finds that notice and comment are unnecessary and contrary to the public interest because of the editorial nature of these changes.

Executive Order 12866 (Regulatory Planning and Review)

The Department has analyzed the economic and other effects of the final rule and has determined that they are not “significant” within the meaning of Executive Order 12866. The rule has not, therefore, been reviewed by the Office of Management and Budget.

DOT Regulatory Policies and Procedures

The final rule is not significant under the Department’s Regulatory Policies and Procedures, dated February 26, 1979, because it does not involve
