*Avg Hours Per Response:* 15 minutes.

*Needs and Uses:* Planning is currently underway for the 1996 Community Census, which is an integral part of the overall planning process for the 2000 decennial census. The Census Bureau must provide everyone in our test sites the opportunity to be counted, including individuals living in group quarters (GQs) (student dorms, shelters, group homes, etc.) and in housing units (HUs) that are part of/or associated with special places (SPs). We are conducting this operation by phoning each SP and conducting interviews to identify and collect updated information about the GQs and HUs at each SP. This operation replaces the Special Place Prelist field operation conducted in previous censuses. The goal of this operation is to make improvements over the 1990 Special Place Prelist operation. We expect to improve the quality/accuracy of assigning the correct GQ type code

and the associated geographic coding compared to the 1990 census Special Place Prelist operation. We also expect to apply some new/improved GQ type codes. We plan to make additional modifications to our questionnaire, instructions, and letters based on results of using these forms in the 1996 Community Census.
