

OMB Number: 0584-0026.

Expiration Date: July 31, 1996.

Type of Request: Extension of clearance for existing collection

Abstract: 7 CFR Part 245,

"Determining Eligibility for Free and Reduced Price Meals and Free Milk", sets forth policies and procedures for use by State agencies (SA) and local level organizations, administering or operating the child nutrition programs, in providing meals free or at a reduced price to eligible children. Under section 9(b)(1) of the National School Lunch Act (NSLA), (42 U.S.C. 1758(b)), the Secretary prescribes income eligibility guidelines for free and reduced price lunches. Any child who is a member of a household whose income, at the time the application is submitted, is at an annual rate which does not exceed the applicable family-size income level of the income eligibility guidelines for free lunches, shall be served a free lunch. Any child who is a member of a household whose income, at the time the application is submitted, is at an annual rate greater than the income level of the income eligibility guidelines for free lunches, but less than or equal to the applicable family-size income eligibility guidelines for reduced price lunches, shall be served a reduced price lunch. Section 4(e) of the Child Nutrition Act of 1966, (42 U.S.C. 1773(e)) requires that breakfasts served to school children will be served free or at a reduced price under the same terms and conditions as are set forth with respect to the service of lunches free or at a reduced price in section 9 of the NSLA.

Eligibility determinations are to be made by cross-referencing family income with family size. Section 9(b)(2) of the NSLA requires each SA to announce the income guidelines issued by the Secretary, for use by schools under the SA's jurisdiction. The information collection requirements of 7 CFR Part 245 involve the certification and verification of children as meeting these guidelines.

Estimate of Burden: The reporting burden for this collection of information is estimated at 657,743 burden hours. The major areas of the reporting burden are attributed to the completion of applications for benefits by households; and notification to households by school food authorities utilizing direct certification that children are eligible to receive free meals; i.e., 289,717 and 160,521 hours, respectively. The recordkeeping burden is estimated at 369,782 burden hours. The review of applications and eligibility determinations by schools comprises

the majority of the recordkeeping burden, i.e., 215,332 hours.

Respondents: State agencies, school food authorities, schools, households.

Estimated Number of Respondents: 8,298,688 respondents.

Estimated Number of Responses per Respondent: .863 responses.

Estimated Total Annual Burden on Respondents: 1,027,525 burden hours.

Dated: June 21, 1996.

William E. Ludwig,

Administrator.

Natural Resources Conservation Service

Red-White Clay Creeks Watershed, Pennsylvania and Delaware

AGENCY: USDA—Natural Resources Conservation Service.

ACTION: "Notice of a Finding of No Significant Impact".

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR, Part 1500); and the Natural Resources Conservation Service (formerly the Soil Conservation Service) Guidelines (7 CFR, Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Red-White Clay Creeks Watershed, Chester County, Pennsylvania and New Castle County, Delaware.

FOR FURTHER INFORMATION CONTACT: Ms. Janet L. Oertly, State Conservationist, Natural Resources Conservation Service, Suite 340, One Credit Union Place, Harrisburg, Pennsylvania 17110-2993, telephone (717) 782-2202.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally-assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Janet L. Oertly, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project concerns a plan for water quality improvement. The planned works of improvement involve extensive accelerated land treatment and the acquisition of conservation easements. Land treatment measures include agricultural waste management systems; erosion and sediment control

on cropland; restoration of wetlands; establishment of riparian forest buffers; and stabilization of severely eroding streambanks. Conservation easements included perpetual floodplain and wetland easements.

The "Notice of a Finding of No Significant Impact" (FONSI) has been forwarded to the Environmental Protection Agency. A limited number of copies of the FONSI are available to fill single copy requests at the above address. The environmental assessment and basic data may be reviewed by contacting Janet L. Oertly.

No administrative action on implementation of the proposal will be taken until thirty (30) days after the date of this publication in the Federal Register.

Janet L. Oertly,
State Conservationist.

"(This activity is listed in the Catalog of Federal Domestic Assistance Program No. 10.904—Watershed Protection and Flood Prevention and is subject to the provisions of Executive Order 12372 which requires intergovernmental consultation with State and local officials.)"
