ADDRESSES: Written comments should be addressed to the Rules Docket Clerk, Office of the General Counsel, Federal Emergency Management Agency, room 840, 500 C Street SW., Washington, DC 20472; (facsimile)(202) 646-4536.

FOR FURTHER INFORMATION CONTACT: O. Megs Hepler, III, Director, Exercises Division, Preparedness, Training, and Exercises Directorate, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-2867.

SUPPLEMENTARY INFORMATION: The mission of FEMA's REP Program, which was established in 1979, is to protect the health and safety of the public residing in the vicinity of a commercial nuclear power plant by ensuring that all levels of government have planned and prepared for their response to a possible radiological incident at the plant. As the REP Program has matured, a number of REP Program stakeholders have recommended that the program be restructured in order to become more streamlined and efficient. In light of stakeholders' recommendations and the fact that the REP Program has been in existence for over 16 years, FEMA intends to initiate a comprehensive strategic review of the way its offsite radiological emergency planning and preparedness responsibilities are performed.

This comprehensive strategic review will examine the various mechanisms, policies, procedures, guidance documents, and processes now used to carry out FEMA's REP Program, with a view to improving the efficiency and effectiveness of the program by implementing new policies, procedures, processes and guidance, if necessary. The review will further National Performance Review goals, will be closely coordinated with the U.S. Nuclear Regulatory Commission, and will provide for extensive input from all stakeholders in the REP community—States, utilities, Public Interest Research Groups, interested citizens, other Federal agencies, Congress, etc. The strategic review will also ensure that REP activities are consistent with the current requirements of the Government Performance Review Act.

As a first step, FEMA is publishing this Federal Register notice announcing its intent to conduct the comprehensive strategic review and requesting comments from any interested parties. FEMA welcomes suggestions as to approaches to take in performing this review, as well as specific suggestions on how to streamline the REP program and make it more cost-effective.

When submitting recommendations, commenters should note that the resulting REP Program must still accomplish the program's original mission, i.e., it must continue to ensure that measures can be taken to protect the health and safety of the public in the vicinity of commercial nuclear power plants in the event of a radiological incident.

Dated: June 28, 1996.

Director.

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act, including whether the acquisition of the nonbanking company can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices" (12 U.S.C. 1843). Any request for a hearing must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than August 1, 1996.
