State of Nebraska Plan for Certification of Pesticide Applicators

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Approval of Certification Plan.

SUMMARY: On March 20, 1996, EPA announced its intention to approve the Nebraska Certification Plan for restricted use pesticide applicators. Nebraska had been certifying restricted use pesticide applicators under a Certification Plan approved on a contingency basis. The March 20, 1996 Notice solicited comments on a revised Nebraska Certification Plan. The revised Plan incorporates the changes needed to remove the contingency approval and to fully comply with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the regulations at 40 CFR part 171. No comments were received and EPA therefore approves the Nebraska Certification Plan.

FOR FURTHER INFORMATION CONTACT: Richard O. Jacobson, U.S. Environmental Protection Agency, Lincoln Field Office, 100 Centennial Mall North, Rm. 289, Lincoln, NE 68508, Telephone: (402) 437-5080, e-mail: jacobson.jake@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: In the Federal Register of April 21, 1994 (59 FR 19010), notice was published of the intent of the Regional Administrator, EPA Region 7 to approve, on a

contingency basis, the State of Nebraska Plan for the Certification of Pesticide Applicators. After an appropriate comment period, a notice of approval, on a contingent basis, was published in the Federal Register of July 20, 1994 (59 FR 37038). The Federal Register notice of July 20, 1994, also addressed comments which had been submitted.

The July 20, 1994 Notice of Contingent Approval stated that final approval of the Nebraska Certification Plan would be granted upon development of appropriate regulations, completion of cooperative agreements with other State agencies, and revision of competency standards for one commercial applicator category. These conditions have been met. Appropriate regulations are contained in Title 25 Nebraska Administrative Code Chapter 2 and are incorporated in the revised Nebraska Certification Plan. The Nebraska Department of Agriculture is responsible for the overall administration of the plan. The cooperative agreements between the Nebraska Department of Agriculture, the University of Nebraska, and the Nebraska Department of Aeronautics assure the coordination and cooperation of the various State agencies. These cooperative agreements are contained in the revised Nebraska Certification Plan. The revised Nebraska competency standards for Nebraska category 8, Structural/Health Related Pest Control, meet the requirements contained in the corresponding EPA standards at 40 CFR 171.4(c) (7). EPA announced its intention to approve this revised plan in the Federal Register of March 20, 1996 (61 FR 11405) (FRL-4989-3), and solicited comments. No comments were received and EPA therefore approves the revised plan.

Copies of the approved plan are available for review at the following locations during normal business hours:
