SUPPLEMENTARY INFORMATION: Pursuant
to the Paperwork Reduction Act of 1995,
Public Law 104–13 (44 U.S.C.
3506(c)(2)(A)), FinCEN is soliciting
comments on the collection of
information described below.

Title: Request for Research Form.
OMB Number: 1505–0139.
Form Number: TDF90–22.44.
Abstract: FinCEN provides
investigative support for federal, state,
and local law enforcement. FinCEN
supports law enforcement investigations
by conducting searches of federal law
enforcement, regulatory, and financial
databases, and commercial databases for
relevant information which, when
analyzed, provides enforcement officials
with useful and expanded knowledge of
the subjects of the inquiry. Requests for
assistance are received from individual
law enforcement agents in writing.

In order for FinCEN to undertake a
thorough search and analysis, requests
to FinCEN must include a minimum
amount of information about the nature
of the request for assistance. The
information supplied in the Request for
Research Form is used by agents and
analysts at FinCEN in order to perform
financial analysis in support of ongoing
investigations conducted by the
respondents’ employing agency. The
information on the form provides
FinCEN personnel with sufficient
information to be able to determine (i)
which systems of records/databases may
be searched lawfully in response to the
query (i.e., whether the purpose of the
search is compatible with the routine
use(s) for a particular system or systems
of records to which FinCEN has access),
(ii) which systems of records would
likely yield useful data related to the
investigation in question, and (iii) a
record for FinCEN to monitor the
number and nature of inquiries
received. In addition, requests for some
databases legally require a written
request and this form ensures a
consistent format for the requests.

Current Actions: Revisions to this
existing form are in format only; there
are no substantive or material changes.

Type of Review: Extension.

Affected Public: Federal Government/
State and Local Government.

Estimated Number of Respondents:
7500.

Estimated Time Per Respondent: 30
minutes.

Estimated Total Annual Burden
Hours: 3,750.

Request For Comments: Comments
submitted in response to this notice will
be summarized and/or included in the
request for Office of Management and
Budget approval. All comments will
become a matter of public record.

Comments are invited on: (1) Whether
the collection of information is
necessary for the proper performance of
the functions of the agency, including
whether the information shall have
practical utility; (b) the accuracy of the
agency’s estimate of the burden of the
collection of information; (c) ways to
enhance the quality, utility, and clarity
of the information to be collected; and
(d) ways to minimize the burden of the
collection of information on
respondents, including through the use
of automated collection techniques or
other forms of information technology.

Dated: July 8, 1996.

William F. Baity,
Deputy Director, Financial Crimes
Enforcement Network.
