PROCUREMENT LIST PROPOSED ADDITIONS

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Proposed Additions to Procurement List.

SUMMARY: The Committee has received proposals to add to the Procurement List services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities. I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the services.

3. The action will result in authorizing small entities to furnish the services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List. Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

The following services have been proposed for addition to Procurement List for production by the nonprofit agencies listed:

- Grounds Maintenance, Lake Mendocino, Ukiah, California, NPA: Rubicon Programs, Inc., Richmond, California

Notice of Court Decision: Certain Cut-to-Length Carbon Steel Plate from the United Kingdom

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Court Decision.

SUMMARY: On June 4, 1996, the United States Court of International Trade (CIT) affirmed the remand determination made by the Department of Commerce (the Department) which used company-specific average useful life of renewable physical assets as the time period over which to allocate benefits from nonrecurring subsidies. British Steel Plc et al. v. United States, Slip Op. 96–88 (British Steel III). In so doing, the Court rejected the Department’s use of the U.S. Internal Revenue Service’s Class Life Asset Depreciation Range System (the IRS tax tables) for allocating benefits as set forth in the “Allocation Period” section of its General Issues Appendix, which is appended to the Final Affirmative Countervailing Duty Determination: Certain Steel Products from Austria, 58 FR 37217, 37227 (July 9, 1993). The CIT’s decision in Timken Co. v. United States, 893 F.2d 337 (Fed. Cir. 1990), the United States Court of Appeals for the Federal Circuit held that, pursuant to 19 U.S.C. section 1516a(e), the Department must publish a notice of a court decision which is not “in harmony” with a Department determination, and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s decision in British Steel III on June 4, 1996, constitutes a decision not in harmony with the Department’s final affirmative determination. Publication of this notice fulfills the Timken requirement.

Accordingly, the Department will continue to suspend liquidation pending the expiration of the period of appeal, if, or if appealed, until a “conclusive” court decision.

DATED: July 2, 1996.

Barbara R. Stafford, Deputy Assistant Secretary for Import Administration.
