SUMMARY:

This final rule amends the Iraqi Sanctions Regulations with the purpose of providing a general license authorizing U.S. persons to enter into executory contracts with the Government of Iraq for the purchase of Iraqi-origin petroleum and petroleum products, the sale of essential parts and equipment for the Kirkuk-Yumurtalik pipeline system, and the sale of humanitarian goods, with performance conditioned upon approval by the Office of Foreign Assets Control within the framework of United Nations Security Council Resolution 986 (1995).
available for Iraq's purchase of medicine, health supplies, foodstuffs, and materials and supplies for essential civilian needs, to be specified in a list prepared by Iraq and submitted to and approved by the UN Secretary-General. At the UN level, this program will be administered by the UNSC Committee established pursuant to UNSC Resolution 661 (the “661 Committee”), which will establish guidelines concerning procedures for permitted Iraqi purchases and sales. Within the United States, the Treasury Department’s Office of Foreign Assets Control (“OFAC”), in consultation with the Department of State, will implement UNSC Resolution 986. No direct financial transactions with the Government of Iraq are permitted.

This final rule amends the Iraq Sanctions Regulations, 31 CFR part 575 (the “Regulations”), to provide a general license in new §575.522, authorizing U.S. persons to enter into executory contracts with the Government of Iraq for the purchases of Iraqi-origin petroleum and petroleum products, and the sales of humanitarian goods and pipeline parts and equipment permitted pursuant to UNSC Resolution 986, provided that no contract with the Government of Iraq can be performed except as further authorized by OFAC. New §§575.323, 575.324, 575.325, and 575.326, provide definitions for the terms “661 Committee,” “UNSC Resolution 986,” “986 Escrow Account,” and “executory contract.” All executory contracts must contain terms requiring that all proceeds of oil purchases from the Government of Iraq, including SOMO, must be placed in the UN escrow account at Banque Nationale de Paris, New York (the “986 Escrow Account”), and all Iraqi payment for sales of authorized pipeline parts and equipment, humanitarian goods, and incidental transaction costs borne by Iraq will, upon 661 Committee approval, be paid or payable out of the 986 Escrow Account.

The Office of Foreign Assets Control will provide further guidance on licensing policy for purchases of Iraqi-origin petroleum and petroleum products, and sales to Iraq of pipeline parts and equipment essential to the safe operation of the Kirkuk-Yumurtalik pipeline and of humanitarian goods, once the 661 Committee has provided guidance on its requirements for contract approval.

Because the Regulations involve a foreign affairs function, Executive Order 12886 and the provisions of the Administrative Procedure Act, 5 U.S.C. 553, requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date, are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act, 5 U.S.C. 601-612, does not apply. There is no collection of information contained herein.
