**Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff**

July 9, 1996

Take notice that on July 3, 1996, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets to become effective September 1, 1996.

Fifteenth Revised Sheet No. 8A  
Seventh Revised Sheet No. 8A.02  
Twelfth Revised Sheet No. 8B  
Fifth Revised Sheet No. 8B.01  
Third Revised Sheet No. 208  
Third Revised Sheet No. 300  
Third Revised Sheet No. 302  
Third Revised Sheet No. 303  
Third Revised Sheet No. 308  
Third Revised Sheet No. 310  
Second Revised Sheet No. 311

On October 5, 1995, FGT filed an application in Docket No. CP96-12-000 requesting authorization pursuant to section 7(b) of the Natural Gas Act (NGA) to abandon certain facilities located in South Texas (South Texas Facilities) by transfer to its non-jurisdictional affiliate, Citrus Energy Services (Citrus Energy). In response to concerns raised by several parties to the proceeding, FGT stated that it would agree to make a limited NGA section 4 filing to reduce its rates concurrently with the effectiveness of the abandonment and closing of the sale to reflect the abandonment of the facilities.

In a Preliminary Determination on Abandonment Application and Declaring Jurisdictional Status of Facilities issued June 14, 1996 (June 14 Order), the Commission made a preliminary determination that the proposed abandonment is permitted by the public convenience and necessity. The June 14 Order required, as a precondition to a final determination, that FGT submit evidence that demonstrates that Citrus Energy has in place a regime of private contracts with FGT's firm service customers with primary points located on the South Texas Facilities in order to ensure continuity of service to the firm service customers potentially affected by the abandonment.

FGT states that on June 27, 1996, it filed a Submittal of Evidence of Replacement Service demonstrating that all affected firm service customers have either: (1) agreed to relocate or have relocated receipt points to points at or downstream of FGT's Compressor Station 2; or (2) entered into a new contract with Citrus Energy (or PanEnergy Services) for continued service through the facilities to be

abandoned. The June 14 Order also directed FGT to make a NGA section 4 filing to reflect the abandonment of the South Texas Facilities.

FGT states that the instant filing is submitted in compliance with the June 14 Order, and has requested an effective date of September 1, 1996, the proposed date of the transfer of the South Texas Facilities.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC, 20426, in accordance with §§ 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed as provided in § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
