Notice of Request Under Blanket
Authorization**

July 9, 1996.

Take notice that on July 1, 1996, Tennessee Gas Pipeline Company (Tennessee), a Delaware corporation, Post Office Box 2511, Houston, Texas 77252, filed a request with the Commission in Docket No. CP96-607-000, pursuant to Sections 157.205, and 157.212(a) of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to install a new delivery point located on Tennessee's system in Montgomery County, Texas, for Hughes Natural Gas, Inc. (Hughes) authorized in blanket certificate issued in Docket No. CP82-413-000, all as more fully set forth in the request on file with the Commission and open to public inspection.

Tennessee proposes to install, own, operate and maintain a 2-inch hot tap on its existing right-of-way and inspect Hughes' installation of the interconnect piping, meter facilities, regulation and strainer facilities. Tennessee reports that they would operate the interconnect piping, regulation and strainer facilities and would own and maintain the meter facilities which would be located on a site, provided by Hughes, adjacent to and along Tennessee's existing right-of-way. The estimated cost of the new facilities would be \$15,400 which would be reimbursed by Hughes.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.
