#### Columbia Gulf Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

July 9, 1996.

Take notice that on July 1, 1996, Columbia Gulf Transmission Company (Columbia Gulf) tendered for filing as

part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets to become effective August 1, 1996:

Thirteenth Revised Sheet No. 018  
Fourteenth Revised Sheet No. 019

Columbia Gulf states that by the instant filing, Columbia Gulf is submitting a Periodic TRA filing pursuant to Section 33 of the General Terms and Conditions of its FERC Gas Tariff, to effectuate an increase in the company-use component of the retainage percentage applicable to the Mainline Zone (Rayne, LA to Points North). The increase in the retainage percentage is caused by an unanticipated increase in the throughput in the Mainline Zone during the first five months of 1996. The higher utilization has been necessary to meet market needs and to refill a higher than projected level of Columbia Gas Transmission Corporation's storage following the extremely cold weather during this period. The increased use of Columbia Gulf's mainline system during the summer months is projected to continue through the end of the summer, given the remaining level of storage injections which are anticipated. The instant filing is necessary to prevent further underrecoveries, which would generate a significant deferral to be collected through the 1997 surcharge.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

#### Eastern Shore Natural Gas Company; Notice of Proposed Changes in FERC Gas Tariff

July 9, 1996.

Take notice that on July 2, 1996 Eastern Shore Natural Gas Company (ESNG) tendered for filing certain revised tariff sheets in the above captioned dockets as part of its FERC Gas Tariff, First Revised Volume No. 1, with a proposed effective date of August 1, 1996.

ESNG states that the revised tariff sheets included herein are being filed pursuant to Sections 21 and 23, respectively, of the General Terms and Conditions of ESNG's Gas Tariff to reflect changes in ESNG's jurisdictional rates. ESNG states that the instant filing also tracks rates attributable to storage service purchased from Columbia Gas Transmission (Columbia) under Columbia's Rate Schedules SST and FSS the costs of which are included in the rates and charges payable under ESNG's Rate Schedules CWS and CFSS effective August 1, 1996. The tracking portion of this filing is being made pursuant to Section 24 of the General Terms and Conditions of ESNG's FERC Gas Tariff to reflect changes in ESNG's jurisdictional rates.

ESNG states that copies of the filing have been served upon its jurisdictional customers and interested State Commissions.

**Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff**

July 9, 1996

Take notice that on July 3, 1996, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets to become effective September 1, 1996.

Fifteenth Revised Sheet No. 8A  
Seventh Revised Sheet No. 8A.02  
Twelfth Revised Sheet No. 8B  
Fifth Revised Sheet No. 8B.01  
Third Revised Sheet No. 208  
Third Revised Sheet No. 300  
Third Revised Sheet No. 302  
Third Revised Sheet No. 303  
Third Revised Sheet No. 308  
Third Revised Sheet No. 310  
Second Revised Sheet No. 311

On October 5, 1995, FGT filed an application in Docket No. CP96-12-000 requesting authorization pursuant to section 7(b) of the Natural Gas Act (NGA) to abandon certain facilities located in South Texas (South Texas Facilities) by transfer to its non-jurisdictional affiliate, Citrus Energy Services (Citrus Energy). In response to concerns raised by several parties to the proceeding, FGT stated that it would agree to make a limited NGA section 4 filing to reduce its rates concurrently with the effectiveness of the abandonment and closing of the sale to reflect the abandonment of the facilities.

In a Preliminary Determination on Abandonment Application and Declaring Jurisdictional Status of Facilities issued June 14, 1996 (June 14 Order), the Commission made a preliminary determination that the proposed abandonment is permitted by the public convenience and necessity. The June 14 Order required, as a precondition to a final determination, that FGT submit evidence that demonstrates that Citrus Energy has in place a regime of private contracts with FGT's firm service customers with primary points located on the South Texas Facilities in order to ensure continuity of service to the firm service customers potentially affected by the abandonment.

FGT states that on June 27, 1996, it filed a Submittal of Evidence of Replacement Service demonstrating that all affected firm service customers have either: (1) agreed to relocate or have relocated receipt points to points at or downstream of FGT's Compressor Station 2; or (2) entered into a new contract with Citrus Energy (or PanEnergy Services) for continued service through the facilities to be

abandoned. The June 14 Order also directed FGT to make a NGA section 4 filing to reflect the abandonment of the South Texas Facilities.

FGT states that the instant filing is submitted in compliance with the June 14 Order, and has requested an effective date of September 1, 1996, the proposed date of the transfer of the South Texas Facilities.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC, 20426, in accordance with §§ 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed as provided in § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
