

**FARM CREDIT ADMINISTRATION****12 CFR Part 614**

RIN 3052-AB67

**Loan Policies and Operations; Other Financing Institutions****AGENCY:** Farm Credit Administration.**ACTION:** Advance notice of proposed rulemaking; comment period extension.

**SUMMARY:** On May 17, 1996, the Farm Credit Administration (FCA) published for public comment an Advance Notice of Proposed Rulemaking (ANPRM) concerning potential revisions to the regulations in subpart P of part 614 that govern the funding and discount relationship between Farm Credit System (Farm Credit, FCS, or System) banks that operate under title I of the Farm Credit Act of 1971, as amended (Act), and non-System other financing institutions (OFIs). See 61 FR 24907, May 17, 1996. The comment period expired on July 16, 1996. In order to allow interested parties additional time to respond, the FCA extends the comment period until August 30, 1996, and invites public comment on the questions in the ANPRM.

**DATES:** Written comments should be received on or before August 30, 1996.

**ADDRESSES:** Comments may be mailed or delivered to Patricia W. DiMuzio, Associate Director, Regulation Development, Office of Examination, Farm Credit Administration, 1501 Farm Credit Drive, McLean, Virginia 22102-5090 or sent by facsimile transmission to the FAX number at (703) 734-5784. Copies of all communications received will be available for review by interested parties in the Office of Examination, Farm Credit Administration.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:** On May 17, 1996, the FCA published an ANPRM in the Federal Register that sought information and guidance from the public about how to revise regulations in subpart P of part 614 that govern the funding and discount relationship between System banks that operate under title I of the Farm Credit Act of

1971, as amended (Act), and non-System OFIs. Farm Credit Banks (FCBs) and agricultural credit banks (ACBs) are authorized to fund and discount certain short- and intermediate-term loans for non-System lenders, such as commercial banks, savings associations, credit unions, trust companies, agricultural credit corporations, and other agricultural and aquatic lenders as part of their mission to finance agriculture, aquaculture, and other specified rural credit needs. External developments, such as the consolidation of the commercial banking industry, the advent of interstate banking and branching, the gradual reduction of Federal assistance to agriculture and rural communities, and the increased interest of non-System financial institutions in additional sources of funding and liquidity may necessitate revisions to the regulations in subpart P of part 614 so that System banks can fulfill their obligation to meet demands in rural communities for short- and intermediate-term credit. The purpose of any future rulemaking would be to ensure that eligible and creditworthy farmers, ranchers, aquatic producers and harvester, processing and marketing operators, farm-related businesses, and rural homeowners will continue to have access to affordable, dependable, and stable short- and intermediate-term credit through both System and non-System lenders. Specifically, the ANPRM sought comments regarding the FCA's OFI regulations and how they may be revised to better implement the statutory provisions. Several interested parties have advised the FCA that they need additional time to prepare thoughtful responses to the questions in the ANPRM. For this reason, the FCA hereby extends the comment period until August 30, 1996.

Dated: July 11, 1996.

#### The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to amend Class D surface area airspace Smyrna, TN. As a result of the relocation of the Nashville VORTAC, an airspace of the Smyrna, TN, Class D airspace area was conducted. As a result of the airspace review, it was determined that the Smyrna Class D airspace area required redefinition by removing a small exclusion and reducing the height from 3,000 feet to 2,000 feet MSL in the northwest quadrant of the Smyrna Class D airspace area. Class D airspace designations are published in Paragraph 5000 of FAA Order 7400.9C, dated August 17, 1995, and effective September 16, 1995, which are incorporated by reference in 14 CFR 71.1. The Class D airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a

significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Proposed Revision of Class E Airspace; Cold Bay, Nome, and Tanana, AK

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This action revises the Class E airspace at Cold Bay, Nome, and

Tanana, AK. The development of the Global Positioning System (GPS) instrument procedures to Nome Airport, AK, and Ralph M. Calhoun Memorial (Tanana), AK, have made this action necessary. Revisions to the Cold Bay Class E airspace will correct discrepancies found during an airspace review. The areas would be depicted on aeronautical charts for pilot reference. The intended effect of this proposal is to provide adequate controlled airspace for Instrument Flight Rules (IFR) operations at Cold Bay, Nome, and Tanana, AK.

**DATES:** Comments must be received on or before September 3, 1996.

**ADDRESSES:** Send comments on the proposal in triplicate to: Manager, System Management Branch, AAL-530, Docket No. 96-AAL-9, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587.

The official docket may be examined in the Office of the Assistant Chief Counsel for the Alaskan Region at the same address.
