

opportunity for public comment on issues related to human health effects and environmental effects of ground level ozone and PM; (2) an afternoon presentation, a panel, and an opportunity for public comment on issues related to the implementation of ozone and PM NAAQS; and (3) a late afternoon and evening opportunity for public comment on any other issues related to ozone and PM standard setting.

Seating will be available on a first-come, first-served basis. The public is invited to make short presentations at both meetings. In order to provide the most opportunity for possible comment, the Agency requests that anyone wishing to provide public comment at the meeting register in advance by sending a fax to the meeting facilitator, The Keystone Center. When sending the advance registration fax, please include your name, title, organizational affiliation, address, telephone number, fax number, and an indication of whether you plan to provide comments on: (1) Health and environmental effects of ozone and PM, (2) implementation issues, and/or (3) other issues (if so, please briefly indicate the issue you plan to comment upon). The fax should be sent to Caroline Brendel, The Keystone Center, 970-262-0152.

**FOR FURTHER INFORMATION CONTACT:** JoAnn Allman at (919) 541-1815, or by mail at U.S. EPA, MD-15, Research Triangle Park, NC 27711. A copy of the ANPR can be downloaded from the Clean Air Act Amendments Bulletin Board, Recently-Signed Rules Section, located on the Office of Air Quality Planning and Standards Technology Transfer Network (OAQPS TTN). A copy of the draft meeting agenda can be downloaded from the Ozone/Particulate Matter/Regional Haze FACA Bulletin Board also located on the OAQPS TTN. Copies of both documents can also be obtained by contacting JoAnn Allman.

Dated: July 11, 1996.

John S. Seitz,

*Director, Office of Air Quality Planning and Standards.*

#### Approval and Promulgation of Implementation Plans Tennessee: Approval of Revisions to the Tennessee SIP Regarding Construction Permits and Volatile Organic Compounds

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA proposes to approve the State implementation plan (SIP) revisions submitted by the State of Tennessee for the purposes of incorporating visibility protection requirements into the Construction Permits portion of the rule (1200-3-9-.01) and to respond to deficiencies of chapter 1200-3-18 as described in 60 FR 10504 published on February 27, 1995, which acted on the Tennessee VOC Reasonably Available Control Technology (RACT) submittal to meet the 1990 VOC RACT "Catch Up" requirements. The EPA is also approving two new rules into Tennessee's VOC chapter which regulate VOC emissions from offset lithographic printing operations and wood furniture finishing and cleaning operations. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**DATES:** To be considered, comments must be received by August 19, 1996.

**ADDRESSES:** Written comments on this action should be addressed to William Denman at the Environmental Protection Agency, Region 4 Air Programs Branch, 345 Courtland Street, NE., Atlanta, Georgia 30365. Copies of documents relative to this action are available for public inspection during

normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day. Reference files TN151-01-7017, TN153-01-7018, TN161-01-9621, TN162-01-9622, TN164-01-9626, TN168-01-9628, and TN169-01-9629. The Region 4 office may have additional background documents not available at the other locations.

#### Approval and Promulgation of State Implementation Plans; California State Implementation Plan Revision, El Dorado County Air Pollution Control District, Placer County Air Pollution Control District, and Ventura County Air Pollution Control District

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which concern the control of volatile organic compound (VOC) emissions from adhesives, architectural coatings, and wood products coatings.

The intended effect of proposing approval of these rules is to regulate emissions of VOCs in accordance with
