[30 DAY-16]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request more information on these projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer at (404) 639-7090. Send written comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 30 days of this notice.

The following requests have been submitted for review since the last publication date on July 3, 1996.

Proposed Projects

1. Cost and Impact of Illnesses and Injuries Associated with Child Care Attendance—New—This is a longitudinal follow-up telephone survey of parents of children attending large (15 children/center) day care centers and family day care homes (7 children) in order to (1) determine the extent to which the size of day care centers are associated with the rates of illnesses and injuries for children attending day care; (2) to estimate the costs of illnesses and injuries for children attending small and large day care centers; (3) to compare the health of the family members of children attending small versus large day care centers; and (4) to estimate the costs of illnesses for the family members of children attending small versus large day care centers. The analyses of the proposed survey data will allow CDC to evaluate the relative costs and benefits of attending small as opposed to large day care centers. The information will provide timely and valuable data to policy makers, medical professionals and scientists.
