If the Army is a major approval authority or may be severely impacted by the proposal or an alternative, the Army should undertake the same level of review as if it were the Lead Agency; if the involvement is limited, the review may be substantially less. The Lead Agency is responsible for overall supervision of the EIS, and the Army will attempt to meet all reasonable timeframes imposed by the Lead Agency.

40 CFR Parts 52 and 81

[LA-34-1-7300b, FRL-5531-5]

Approval and Promulgation of Implementation Plans and Designation of Areas for Air Quality Planning Purposes; State of Louisiana; Correction of Classification; Approval of the Maintenance Plan; Redesignation of Pointe Coupee Parish to Attainment for Ozone

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rulemaking.

SUMMARY: The EPA is today approving a request from the State of Louisiana to remove Pointe Coupee Parish, Louisiana from the Baton Rouge serious ozone nonattainment area and reclassify Pointe Coupee Parish from serious to marginal. In addition, the EPA is proposing approval of a request from the State of Louisiana to redesignate Pointe Coupee to attainment for ozone. On December 20, 1995, the State of Louisiana submitted a maintenance plan and request to redesignate the Pointe Coupee Parish ozone nonattainment area to attainment. Under the Clean Air Act as amended in 1990 (the Act), nonattainment areas may be redesignated to attainment if sufficient data are available to warrant the redesignation and the area meets the other Act redesignation requirements. In this action, the EPA is proposing approval of Louisiana's redesignation request and maintenance plan because it meets the maintenance plan and redesignation requirements set forth in the Act, and the EPA is proposing approval of the 1993 base year emissions inventory. The approved maintenance plan will become a

federally enforceable part of the State Implementation Plan for Louisiana. Please see the direct final notice of this action located elsewhere in today's Federal Register for a detailed description of the redesignation request and maintenance plan.
