

be held from 4:00 p.m. to 6:00 p.m. with a more structured meeting scheduled to begin immediately following the "Open House".

ADDRESSES: The meeting will be held at the Civic Center, 400 West 4th Street, Truth or Consequences, New Mexico.

FOR FURTHER INFORMATION CONTACT: Mr. Clay McDermeit, Reclamation Team Leader for the Elephant Butte and Caballo Reservoir RMP, 505 Marquette N.W., Suite 1313, Albuquerque, New Mexico, 87102; Telephone (505) 248-5391; or Ms. Rosemary Romero, Public Involvement Specialist, Western Network, 811 St. Michael's Drive, Suite 106, Santa Fe, New Mexico 87505; Telephone 1-800-326-9805.

SUPPLEMENTARY INFORMATION: The purpose of the RMP is to produce a written management document, consistent with existing laws, treaties, and compacts, that may be used as guide by Reclamation and other involved agencies in the allocation of resources and appropriate uses of both lands and waters within the reservation boundaries.

The RMP will address: (1) Multiple uses, and (2) other agency management functions as delegated through various agreements with Reclamation. The DEIS will present an analysis of the impacts of alternative management practices associated with the land and water resources at both reservoirs.

Four "open house" meetings were previously held during February 1996 in El Paso, Las Cruces, Truth or Consequences and Albuquerque to solicit input form agencies and the general public on issues that should be addressed during the development of the RMP. As a result of these meetings and further discussions with the planning work group and the general public, it has been determined that a draft environmental impact statement will be prepared in conjunction with the RMP.

Reclamation has previously prepared four NEPA documents that address operation and maintenance activities on the Rio Grande in the vicinity of both reservoirs. The documents are:

* Final Environmental Impact Statement, Operation and Maintenance Program for the Rio Grande-Velarde to Caballo Dam-Rio Grande and Middle Rio Grande Projects (1977);

* Final Environmental Assessment and Finding of No Significant Impact, Rio Grande Conveyance rehabilitation, Operation and Maintenance Program, Elephant Butte Reservoir, New Mexico (1982);

* Final Environmental Assessment and Finding of No Significant Impact,

Rio Grande Channel Restoration, Operation and Maintenance Program, Elephant Butte Dam to Caballo Reservoir, Sierra County, New Mexico, (1985); and

* Final Supplement to the Final Environmental Impact Statement-River Maintenance Program for the Rio Grande-Velarde to Caballo Dam, Rio Grande and Middle Rio Grande Projects, New Mexico.

During the "Open House" and the more structured part of the Scoping Meeting, agencies and the general public are encouraged to submit written comments and may request additional clarification of the RMP and EIS process. Anyone interested in more information concerning the study should contact Mr. Clay McDermeit or Ms. Romero.

The Truth or Consequences Civic Center is accessible to the disabled. However, any individuals requiring special assistance at the meeting should make their needs known in advance to Ms. Romero.

Dated: July 16, 1996.
