BILLING CODE 4910-13-M

Federal Highway Administration

Environmental Impact Statement; St. Johns County, Florida

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed highway project in St Johns County, Florida concerning the Bridge of Lions.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Bartlett, Supervisory Transportation Engineer, Federal Highway Administration, 227 N. Bronough Street, Room 2015, Tallahassee, Florida 32301-2015, Telephone: (904) 942-9598.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Florida Department of Transportation and the

United States Coast Guard will prepare an EIS for a proposal to rehabilitate or replace the Bridge of Lions crosses the Matanzas River (Atlantic Intracoastal Waterway) and connects the City of St Augustine with Anastasia Island. The structure exhibits severe deterioration and does not meet current load capacity standards. The proposed project is considered necessary to maintain this important river crossing. The existing Bridge of Lions is listed on the National Register of Historic Places and the western bridge abutment is adjacent to the St Augustine Historic District, a National Historic Landmark. The existing bridge does not meet the current U.S. Coast Guard Guide Clearances for marine navigation along the Intracoastal Waterway.

Alternatives under consideration include: (1) taking no action; (2) rehabilitating the existing bridge; (3) replacing the existing bridge.

Coordination and informal scoping with appropriate Federal, State, and local agencies and private citizens who have expressed interest in this proposal has been undertaken and will continue. A series of public meetings have been held and additional meetings are planned for the future in St Johns County. In addition, a public hearing will be held. Public notice will be given of the time and place of the meetings and hearing. The Draft EIS will be made available for public and agency review and comment.

To ensure that the full range of issues related to the proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.
