

program, to provide examples to help candidates in future years, or aggregated for educational research purposes.

Likely respondents: The likely respondents consist of 800–900 college juniors who wish to receive support from the Foundation to attend graduate school in preparation for careers in the public service. Each applicant is required to submit this application only once. He/she is also required to provide four letters of recommendation including one from the Truman Scholarship Faculty Representative at his/her institution:

Burden Statement: The current total annual respondent burden is estimated at 20,000 hours based on 800 applicants spending 25 hours each on the application and the public policy analysis.

II. Request for Comments

The Foundation solicits comments to:

(1) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Foundation, including whether the information will have practical utility;

(2) evaluate the accuracy of the Foundation's estimate of the burden of the proposed collection of the information;

(3) enhances the quality, utility, and clarity of the information to be collected; and

(4) minimize the burden of the collection of information on those who are to respond.

III. Public Docket

A public version of this record, including printed, paper versions of electronic comments is available for inspection from 8:00 a.m. to 5:00 p.m., Monday through Thursday, excluding legal holidays. The public record is located at 712 Jackson Place, NW, third Floor, Washington, DC 20006.

Administration for Children and Families

Privacy Act of 1974; System of Records and Technical Correction to Computer Matching Programs

AGENCY: Office of Child Support Enforcement (OCSE), ACF, DHHS.

ACTION: Amendment of existing system of records and technical correction of Notice of Computer Matching Program.

SUMMARY: Notice is hereby given that OCSE is amending one of its systems of records, the Federal Parent Locator System and Federal Tax Offset System (FPLS), DHHS/OCSE No. 09-90-0074. Information on this system was last published at 55 FR 34764, August 24, 1990. The Office of Child Support Enforcement wishes to advise the public that the FPLS will obtain additional information from: (a) Federal civilian and military personnel/payroll data maintained by the Department of Defense and the United States Postal Service; and (b) new hire information maintained for or by state child support enforcement agencies.

OCSE also wishes to advise the public that it will disclose additional data from the FPLS to state child support enforcement agencies for use in locating individuals and identifying their income sources in order to establish paternity, establish and modify orders of support and for enforcement action.

Further, OCSE is modifying its systems notice to indicate that retention and disposal procedures for records involving tax offset requests and responses differ from retention and disposal procedures for other records.

Finally, this notice also corrects a typographical error which appeared in the Notice of Computer Matching Program published at 60 FR 54692 (October 25, 1995).

DATES: Effective July 25, 1996.

Interested persons are invited to submit written data, views, or arguments concerning operation of the Federal Parent Locator System and Federal Tax Offset System (FPLS), DHHS/OCSE No. 09-90-0074 as amended herein.

Consideration will be given to comments received by August 26, 1996.

ADDRESSES: Send comments to Donna Bonar, Director, Division of Program Operations, Office of Child Support Enforcement, 370 L'Enfant Promenade, SW., 4th Floor East, Washington, DC 20447.

FOR FURTHER INFORMATION CONTACT: Donna Bonar, Director, Division of Program Operations, Office of Child Support Enforcement, (202) 401-9271.

SUPPLEMENTARY INFORMATION: Pursuant to section 304 of Executive Order 12953 dated February 27, 1995, OCSE will establish periodic crossmatches between its Federal Tax Offset System and personnel/payroll files maintained by the Department of Defense and the United States Postal Service (USPS). The data to be matched are noncustodial

parent's name and social security number. The data which will be disclosed to OCSE as a result of these matches may include: Noncustodial parent's date of birth, home address, employer, work location, medical coverage, type of employment, annual salary, pay rate and date of death. This information on Federal personnel who are obligors will be disclosed by OCSE to State child support agencies for use in determining whether wage withholding or other enforcement actions should be initiated.

Moreover, pursuant to the President's directive of June 18, 1996 and beginning approximately August 1, 1996, the FPLS will obtain access to new hire information voluntarily submitted to the FPLS by States. The new hire information provided to the FPLS will consist of data submitted by new employees to their employers on IRS Form W-4 or other appropriate forms. OCSE will then crossmatch the names and social security numbers submitted by States to the FPLS against the new hire data. When a match occurs, the employee name, employee social security number, employee date of birth, employee address, employer name, employer address, Federal employer identification number, and date of hire may be given to State child support enforcement agencies. This information will be used to locate individuals and identify their income sources for purposes of establishing paternity, establishing and modifying orders of support, and for enforcement action.

Further, the FPLS systems notice is being amended to provide that additional data from the FPLS may be disclosed to State child support enforcement agencies for use in locating individuals and identifying their income sources in order to establish paternity, establish and modify orders of support and for enforcement action. This additional information may include: Date of birth, place of birth, mother's maiden and full names, father's full name, State case identification number, State or locality originating request, type of case, type of employment, mailing address, work location, annual salary, pay rate, quarterly wages, medical coverage, benefit amounts, recent employer's address, known alias (last name only), employer name, Federal employer identification number, date of hire, and date of death.

In addition, OCSE is modifying its systems notice to indicate that its retention and disposal procedures for records involving tax offset requests and responses are different from its retention

and disposal procedures for other records in this system.

Finally, a typographical error on page 54693, section 2.d.(2), in the Notice of Computer Matching Program published at 60 FR 54692 (October 25, 1995) is being corrected to reflect that OCSE will access records from the Defense Manpower Data Center Data Base, S322.10 DMDC, rather than the Federal Creditor Agency Debt Collection Data Base, S322.11 DMDC.

Accordingly, the Federal Parent Locator System and Federal Tax Offset System (FPLS) notice originally published at 47 FR 45547 and most recently amended at 55 FR 34764 is further amended as set forth below.

CATEGORIES OF RECORDS IN THE SYSTEM:

Name of noncustodial parent or child, social security number (when available), date of birth, place of birth, mother's full and maiden names, father's full name, State case identification number, local identification number (State use only), State or locality originating request, date of origination, type of case (AFDC, non-AFDC full-service, non-AFDC locate only, parental kidnapping), employer name, employer address, Federal employer identification number, date of hire, home address, mailing address, type of employment, work location, annual salary, pay rate, quarterly wages, medical coverage, benefit amounts, type of military service (Army, Navy, Marines, Air Force, Coast Guard, not in service), retired military (yes or no), Federal employee (yes or no), recent employer's address, known alias (last name only), average amount, offset amount, date requests sent to Federal agencies or departments (SSA, IRS, DoD, OPM, NPRC, VA, RRB, USPS, Selective Service, SESAs), dates of Federal agencies' or departments' responses, date of death.

PURPOSE(S):

Section 304 of Executive Order 12953 authorizes periodic crossmatches between OCSE's Federal Tax Offset System and personnel/payroll files maintained by the Federal agencies for the purpose of providing information to States to assist their child support enforcement efforts.

The President's directive of June 18, 1996, authorizes crossmatches, through the FPLS, between new hire reporting information and information submitted by States to the Federal Parent Locator Service and the Federal Tax Offset System.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

(1) Request from any State or Federal government department, agency or instrumentality which might have such information in its records any of the following data pertaining to non-custodial parents: Social security number (when available), date of birth, place of birth, mother's full and maiden names, father's full name, State case identification number, local identification number (State use only), State or locality originating request, date of origination, type of case (AFDC, non-AFDC full-service, non-AFDC locate only, parental kidnapping), employer name, employer address, Federal employer identification number, date of hire, home address, mailing address, type of employment, work location, annual salary, pay rate, quarterly wages, medical coverage, benefit amounts, type of military service (Army, Navy, Marines, Air Force, Coast Guard, not in service), retired military (yes or no), Federal employee (yes or no), recent employer's address, known alias (last name only), date of death;

(2) Provide to State agencies under agreements covered by title IV-D of the Social Security Act the following information for the purpose of locating non-custodial parents in connection with establishing or enforcing child support obligations: Social security number (when available), date of birth, place of birth, mother's full and maiden names, father's full name, employer name, employer address, Federal employer identification number, date of hire, home address, mailing address, type of employment, work location, annual salary, pay rate, quarterly wages, medical coverage, benefit amounts, recent employer's address, known alias (last name only), date of death;

(3) Provide to State agencies under agreements covered by Section 463 of the Social Security Act (42 U.S.C. 663) the following information for the purpose of locating non-custodial parents or children in connection with activities by State courts and Federal attorneys and agents charged with making or enforcing child custody determinations or conducting investigations, enforcement proceedings or prosecutions concerning the unlawful

taking or restraint of children: Social security number (when available), date of birth, place of birth, mother's full and maiden names, father's full name, employer name, employer address, Federal employer identification number, date of hire, home address, mailing address, type of employment, work location, annual salary, pay rate, quarterly wages, medical coverage, benefit amounts, recent employer's address, known alias (last name only), date of death;

(4) Provide to agents and attorneys of the United States, involved in activities in States which do not have agreements under Section 463 of the Social Security Act (42 U.S.C. 663) the following information for the purpose of locating non-custodial parents in connection with activities by State courts and Federal attorneys and agents charged with making or enforcing child custody determinations or conducting investigations, enforcement proceedings or prosecutions concerning the unlawful taking or restraint of children: Social security number (when available), date of birth, place of birth, mother's full and maiden names, father's full name, employer name, employer address, Federal employer identification number, date of hire, home address, mailing address, type of employment, work location, annual salary, pay rate, quarterly wages, medical coverage, benefit amounts, recent employer's address, known alias (last name only), date of death;

RETENTION AND DISPOSAL:

Records of tax offset requests and responses are maintained for six years in an active master file for purposes of collection and adjustment. After this time, records of cases for which there was no collection are destroyed. Records of cases with a collection are stored on-line in an inactive master file.

Records of actual information provided in response to other requests are maintained only long enough to communicate the information to the State or the Federal agent or attorney requesting it. After this time, the responsive information is destroyed. However, a record of the request only which includes information provided by the State, Federal agencies contacted, and an indication of the type of information so returned is stored on a

history tape and in hard copy. All history data is retained for five years and is then destroyed.

Technical Correction for Notice of Computer Matching Program

Section 2.d.(2) of OCSE's October 25, 1995 Notice of Computer Matching Program, published at 60 FR 54692, 54693, is corrected to read as follows:

* * * * *

(2) DMDC Defense Manpower Data Center Data Base, S322.10, most recently published at 61 FR 6354 (February 20, 1996).

BILLING CODE 4184-01-P

Agency Recordkeeping/Reporting Requirements Under Emergency Review by the Office of Management and Budget (OMB)

Title: Federal Parent Locator Service (FPLS).

OMB No.: New.

Description: The Office of Child Support Enforcement (OCSE) operates the Federal Parent Locator Services (FPLS), a computerized national location network which provides address and social security number information to State and local child support enforcement agencies upon request to locate parents in order to establish or enforce a child support order and to assist authorized persons in resolving parental kidnapping and child custody cases.

State and local agency requests to the FPLS can be made by tape, cartridge, electronic file transfer or by dialing-up using a personal computer. The FPLS serves as a conduit between child support enforcement offices and Federal and State agencies by conducting weekly, biweekly, or monthly matches of the collected information with various agencies and distributing the information back to the requesting State or local child support office.

Respondents: State, Local, Tribal or Federal Govt.
