SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), as amended are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 11, 1995 (60 FR 25130).

Background

The Department received timely requests, in accordance with 19 CFR 353.22(a), for administrative reviews of the antidumping duty orders on AFBs from France, Germany, Italy, Japan, Romania, Singapore, Sweden, Thailand and the United Kingdom. In accordance with 19 CFR 353.22(c), we initiated administrative reviews of the antidumping duty orders covering AFBs from these nine countries. The orders cover three classes or kinds of merchandise: ball bearings, cylindrical roller bearings and spherical plain bearings. With respect to Romania, we initiated an administrative review of ball bearings from Tehnoimportexport, the only Romanian company for which we received a request for review. We hereby amend the notice of initiation to note that, in addition to Tehnoimportexport, all other exporters

of AFBs from Romania are conditionally covered by this review.

With respect to Italy, our notice indicated that we are initiating reviews for ball and cylindrical roller bearings from SKF Industrie S.p.A. (including all relevant affiliates). However, the antidumping duty order pertaining to SKF's cylindrical roller bearings was revoked in part by the Department in *Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof from Italy* (60 FR 10959, February 28, 1995). Therefore, we are amending the notice of initiation to exclude any reviews of Italian cylindrical roller bearings from SKF.

With respect to France, our notice indicated that we are initiating reviews only on ball and cylindrical roller bearings from SKF France (including all relevant affiliates). Because we received a request to review the order on French spherical plain bearings exported by SKF, we hereby amend the notice of initiation to include spherical plain bearings from SKF France as well.

Finally, on June 28, 1996, we published a notice revoking the antidumping duty order on ball bearings from Thailand (61 FR 33711). Therefore, we are terminating the administrative review we initiated on ball bearings from Thailand for NMB Thai/Pelmec Thai LTD for the period May 1, 1995 through April 30, 1996.

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 353.22(c).

Dated: July 23, 1996.

Barbara Stafford,
Deputy Assistant Secretary for AD/CVD Enforcement.
