

exported on or after January 1, 1994, and on or before December 31, 1994. Also, the cash deposit required for this company will be zero.

Because the URAA replaced the general rule in favor of a country-wide rate with a general rule in favor of individual rates for investigated and reviewed companies, the procedures for establishing countervailing duty rates, including those for non-reviewed companies, are now essentially the same as those in antidumping cases, except as provided for in section 777A(e)(2)(B) of the Act. The requested review will normally cover only those companies specifically named. Pursuant to 19 C.F.R. § 355.22(g), for all companies for which a review was not requested, duties must be assessed at the cash deposit rate, and cash deposits must continue to be collected, at the rate previously ordered. As such, the countervailing duty cash deposit rate applicable to a company can no longer change, except pursuant to a request for a review of that company. See *Federal-Mogul Corporation and The Torrington Company v. United States*, 822 F.Supp. 782 (CIT 1993) and *Floral Trade Council v. United States*, 822 F.Supp. 766 (CIT 1993) (interpreting 19 C.F.R. § 353.22(e), the antidumping regulation on automatic assessment, which is identical to 19 C.F.R. § 355.22(g)). Therefore, the cash deposit rates for all companies except those covered by this review will be unchanged by the results of this review.

We will instruct Customs to continue to collect cash deposits for non-reviewed companies at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rates that will be applied to non-reviewed companies covered by this order are those established in the most recently completed administrative proceeding. See *Certain Round-Shaped Agricultural Tillage Tools from Brazil; Final Results of Countervailing Duty Administrative Review*, 57 FR 22461. These rates shall apply to all non-reviewed companies until a review of a company assigned these rates is requested. In addition, for the period January 1, 1994 through December 31, 1994, the assessment rates applicable to all non-reviewed companies covered by this order are the cash deposit rates in effect at the time of entry.

Public Comment

Parties to the proceeding may request disclosure of the calculation methodology and interested parties may request a hearing not later than 10 days after the date of publication of this

notice. Interested parties may submit written arguments in case briefs on these preliminary results within 30 days of the date of publication. Rebuttal briefs, limited to arguments raised in case briefs, may be submitted seven days after the time limit for filing the case brief. Parties who submit argument in this proceeding are requested to submit with the argument (1) a statement of the issue and (2) a brief summary of the argument. Any hearing, if requested, will be held seven days after the scheduled date for submission of rebuttal briefs. Copies of case briefs and rebuttal briefs must be served on interested parties in accordance with 19 C.F.R. § 355.38.

Representatives of parties to the proceeding may request disclosure of proprietary information under administrative protective order no later than 10 days after the representative's client or employer becomes a party to the proceeding, but in no event later than the date the case briefs, under 19 C.F.R. § 355.38, are due. The Department will publish the final results of this administrative review including the results of its analysis of issues raised in any case or rebuttal brief or at a hearing.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)).

Dated: July 19, 1996.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

National Oceanic and Atmospheric Administration

[I.D. 072596A]

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will convene a public meeting of the Reef Fish Stock Assessment Panel.

DATES: This meeting will begin at 1:00 p.m. on August 19, 1996, and conclude at 5:00 p.m. on August 21, 1996.

ADDRESSES: The meeting will be held at NMFS Southeast Fisheries Science Center, 75 Virginia Beach Drive, Miami, FL.

FOR FURTHER INFORMATION CONTACT: Steve Atran, Population Dynamics Statistician, Gulf of Mexico Fishery Management Council, 5401 West Kennedy Boulevard, Suite 331, Tampa, FL 33609; telephone: 813-228-2815.

SUPPLEMENTARY INFORMATION: The Reef Fish Stock Assessment Panel will review a report by Dr. Benny Galloway of LGL Associates on the assessment procedures and data used by NMFS for the red snapper stock assessments. In addition, the effect of untrawlable bottom on the assessment of shrimp trawl juvenile bycatch mortality will be addressed. The Southeast Fisheries Science Center will provide the information on the extent of untrawlable bottom.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at (see ADDRESSES) by August 12, 1996.

Dated: July 25, 1996.

Richard W. Surdi,

Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.

BILLING CODE 3510-22-F

DEPARTMENT OF DEFENSE

Test Program for Negotiation of Comprehensive Small Business Subcontracting Plans

AGENCY: Department of Defense (DoD).

ACTION: Notice of test program.

SUMMARY: The Department of Defense is amending its Test Program for Negotiation of Comprehensive Small Business Subcontracting Plans.

EFFECTIVE DATE: July 31, 1996.

FOR FURTHER INFORMATION CONTACT: Mr. Tim J. Foreman, Office of Small and Disadvantaged Business Utilization, DUSD (I&CP) SADBUD, 3061 Defense Pentagon, Washington, DC 20301-3061, telephone (703) 697-9384, telefax (703) 693-7014.

SUPPLEMENTARY INFORMATION:

A. Background

In accordance with Section 834 of Public Law 101-189, as amended, the Department of Defense (DoD) established a Test Program for Negotiation of Comprehensive Small Business Subcontracting Plans (the Program) to determine whether the use of comprehensive subcontracting plans

on a corporate, division, or plant-wide basis would increase subcontracting opportunities for small business concerns. DoD is amending the Program to implement the requirements of Section 811 of the National Defense Authorization Act for Fiscal Year 1996 (Pub. L. 104-106). The amendments (1) expand the purpose of the Program to include determination of whether the negotiation and administration of comprehensive subcontracting plans will reduce administrative burdens on contractors while enhancing subcontracting opportunities for small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals; (2) revise contractor eligibility criteria under the Program to permit participation by large business concerns who, during the preceding fiscal year, furnished DoD with supplies or services under at least three DoD contracts having an aggregate value of at least \$5,000,000; (3) require that the Service Acquisition Executive within each military department and defense agency designate at least three, but not more than five, contracting activities to participate in the Program; and (4) require that participating contracting activities cover a broad range of supplies and negotiate not less than five comprehensive subcontracting plans.

Tim J. Foreman,

Office of Small and Disadvantaged Business Utilization.

The revised test plan is as follows:

Test Program for Negotiation of Comprehensive Small Business Subcontracting Plans

I. Purpose

This document implements Section 834 of Public Law 101-189, the National Defense Authorization Act for Fiscal Years 1990 and 1991, as amended. The primary purpose of the Comprehensive Small Business Subcontracting Plan Test Program (the Program) is to determine whether the negotiation and administration of comprehensive small business subcontracting plans will reduce administrative burdens on contractors while enhancing subcontracting opportunities for small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals under Department of Defense (DoD) contracts.

II. Authority

The Program is established pursuant to Section 834 of the National Defense

Authorization Act for Fiscal Years 1990 and 1991, as amended.

III. Program Requirements

A. The Program shall be conducted from October 1, 1990, through September 30, 1998.

B. The selection of contractors for participation in the Program shall be in accordance with Section 811(b)(3) of the National Defense Authorization Act For Fiscal Year 1996, Public Law 104-106. Eligible contractors are large business concerns at the major (total) corporate level that, during the preceding fiscal year:

1. Were performing under at least three DoD contracts; furnished supplies or services (including professional services) to DoD, engaged in research and development for DoD, or performed construction for DoD; and were paid \$5,000,000 or more for such contract activities; and

2. Achieved a small disadvantaged business (SDB) subcontracting participation rate of 5 percent or more during the preceding fiscal year. However, this requirement does not apply to the eight original contractors accepted into the Program. Additionally, a large business with an SDB subcontracting participation rate of less than 5 percent during the preceding fiscal year may request, through the designated contracting activity, to participate in the Program if the firm submits a detailed plan with milestones leading to attainment of at least a 5 percent SDB subcontracting participation rate by September 30, 1998.

C. Contractors selected for participation shall:

1. Be eligible in accordance with paragraph III(B);

2. Establish their comprehensive subcontracting plans on the same corporate, division or plant-wide basis under which they submitted the Standard Form (SF) 295 during the preceding fiscal year, except that a division or plant that historically reported through a higher level division, but would meet the criteria of paragraph III(B)(2), shall be permitted to participate in the Program if the lower level division, plant or profit center can demonstrate a 5 percent or greater subcontract performance level with SDB concerns;

3. Have reported to DoD on the SF 295 for the last fiscal year, except as provided in paragraph III(C)(2);

4. Accept an SDB goal for each fiscal year of not less than 5 percent, or an SDB goal that is in accordance with the milestone established under paragraph III(B)(2);

5. Comply with the requirements of Defense Federal Acquisition Regulation Supplement (DFARS) Section 215.605 for source selection purposes;

6. Offer a broad range of subcontracting opportunities;

7. Voluntarily agree to participate; and

8. Have at least one active contract that requires a subcontracting plan at the designated DoD buying activity responsible for negotiating the Comprehensive Subcontracting Plan.

IV. Elements of the Comprehensive Small Business Subcontracting Plan

A. The comprehensive small business subcontracting plan shall address each of the 11 elements set forth in paragraph (d) of the clause at FAR 52.219-9, "Small, Small Disadvantaged and Women-Owned Small Business Subcontracting Plan."

1. The subcontracting plan, percentage and corresponding dollar goals for awards to small business, small disadvantaged business and women-owned small business concerns shall be developed by the contractor for its entire business operation in support of all DoD contracts regardless of dollar value.

2. Participating contractors shall include separate specific goals and timetables for the awarding of subcontracts in two industry categories which have not historically been made available to small business and small disadvantaged business concerns. These industry categories will be recommended by the contractor and approved by the contracting officer. Subcontract awards made in support of the specific industry categories shall also count towards attainment of the overall small business and small disadvantaged business goals.

3. The subcontracting plan shall set forth the prime contractor's actions to publicize prospective subcontract opportunities for small business, small disadvantaged business and women-owned small business concerns.

B. Subcontracting plans to be established under the Program shall be submitted each year by participating contractors to the designated contracting officer 45 days prior to the end of the Government's fiscal year (September 30). However, new contractors requesting participation under the Program shall submit subcontracting plans to the contracting officer as close as possible to September 30.

V. Procedures

A. The Service Acquisition Executive within each military department and defense agency having contractors that

meet the requirements of paragraphs III(B) and (C) shall designate at least three but not more than five contracting activities to participate in the Program. In selecting the contracting activities to participate in the Program, the Service Acquisition Executive shall ensure that the designated activities cover a broad range of supplies and services.

B. The designated contracting activity will accomplish the following:

1. With the coordination of the Director, Office of Small and Disadvantaged Business Utilization, for their military department or defense agency, select as many eligible prime contractors (at least five) for participation under the Program as deemed appropriate.

2. Establish a "Comprehensive Small Business Subcontracting Plan" negotiating team(s) composed as follows:

a. A contracting officer(s) who will be responsible for negotiation and approval of the comprehensive subcontracting plan(s) as well as the responsibilities at FAR 19.705.

b. The contracting activity's Small and Disadvantaged Business Utilization Specialist.

c. The Small and Disadvantaged Business Utilization Specialist of the cognizant contract administration activity that administers the preponderance of the selected prime contractor's contracts and/or the appropriate individual who will administer contractor performance under the test in accordance with FAR 19.706 and the provisions herein.

d. Production specialist, price analyst and other functional specialists as appropriate.

C. The designated contracting officer shall:

1. Solicit proposed comprehensive subcontracting plans from selected contractor(s) as soon as possible and by July 1, annually thereafter.

2. By October 1, and annually thereafter, review, negotiate and approve on behalf of DoD a comprehensive subcontracting plan for each selected contractor.

3. Distribute copies of the approved subcontracting plan in accordance with paragraph VI(A).

4. Upon negotiation and acceptance of the comprehensive subcontracting plan, obtain from the contractor:

a. A listing of all active DoD contracts that contain individual subcontracting plans required by Section 211 of Public Law 95-507.

b. The listing shall include the following:

- i. Contract number.
- ii. Name and address of the contracting activity.

iii. Contracting officer's name and phone number.

5. Upon receipt of the information provided by the participating contractor under paragraph V(C)(4), direct the designated administrative contracting officer to issue a comprehensive change order, which modifies all of the contractor's active DoD contracts that include subcontracting plans. The modification will substitute the contractor's approved comprehensive subcontracting plan for the individual plans, will substitute the clause at DFARS 252.219-7004 for the clause at FAR 52.219-9, and will delete the clauses at FAR 52.219-10 and 52.219-16 and DFARS 252.219-7003 and 252.219-7005, as appropriate.

6. Review annually, with the current administration activity, the contractor's performance under the plan. Document the review findings and distribute, in accordance with paragraph VI(A), within 45 days of the end of the fiscal year.

7. By November 15 of the year after acceptance, and annually thereafter, determine whether the contractor has met its comprehensive subcontracting goals. If the goals have not been met, determine whether there is any indication that the contractor failed to make a good faith effort and take appropriate action.

8. By December 15, 1998, prepare and submit a report on each participating contractor's performance which details the results of the Program. The report must compare the contractor's performance under the Program with its performance for the three fiscal years prior to acceptance into the program. The report distribution will be in accordance with paragraph VI(A).

D. Participating contractors:

1. Shall establish their comprehensive subcontracting plans on the same corporate, division or plant-wide basis under which they submitted the SF 295 during the preceding fiscal year, except that those contractors that historically reported through a higher headquarters can elect to participate as a separate (lower level) reporting profit center, plant or division if the contractor achieved an SDB subcontracting performance rate of 5 percent or greater in the preceding fiscal year.

2. Upon negotiation of an acceptable comprehensive subcontracting plan, shall be exempt from individual contract-by-contract reporting requirements for DoD contracts unless otherwise required in accordance with paragraph III(C)(5).

3. Shall continue individual contract reporting on non-DoD contracts.

4. Shall comply with the flow-down provisions of Section 211 of Public Law 95-507. Large business concerns receiving a DoD subcontract in excess of \$500,000 (\$1,000,000 for construction) are required to adopt a plan similar to that mandated by the clause at FAR 52.219-9. Participating contractors are prohibited from flowing down the "Comprehensive" subcontracting deviation provisions of DFARS 252.219-7004. Accordingly, large business subcontractors to the participating contractors shall be required to establish individual subcontracting plans with specific goals for awards to small business, small disadvantaged business and women-owned small business concerns.

5. Upon expulsion from the Program or Program termination on September 30, 1998, shall negotiate and establish individual subcontracting plans on all future DoD contracts that otherwise meet the requirements of Section 211 of Public Law 95-507.

VI. Monitoring and Reporting of Comprehensive Subcontracting Plans and Goals

A. Upon negotiation and acceptance of comprehensive subcontracting plans and goals, the designated activity shall immediately forward one copy of the plan to each of the following:

1. Director, Office of Small and Disadvantaged Business Utilization, Office of the Deputy Under Secretary of Defense (International and Commercial Programs), 3061 Defense Pentagon, Room 2A338, Washington, DC 20301-3061.

2. Director, Small and Disadvantaged Business Utilization, for the military department or defense agency of the activity that negotiated and accepted the comprehensive subcontracting plan.

3. The cognizant contract administration office.

B. Each participating contractor shall complete the SF 295 "Summary Subcontract Report" in accordance with the instructions on the back of the form on a semi-annual basis, except as noted below:

1. One copy of the SF 295 and attachments shall be submitted to Director, Office of Small and Disadvantaged Business Utilization, Office of the Deputy Under Secretary of Defense (International and Commercial Programs), 3061 Defense Pentagon, Room 2A338, Washington, DC 20301-3061.

2. Participating contractors shall enter in Item 14 "Remarks" block the annual corporate, division or plant-wide small business, small disadvantaged business and women-owned small business

percentage and corresponding dollar goals.

3. Participating contractors shall also enter separate in Item 14 the percentage and corresponding dollar goals for each of the two selected industry categories (see paragraph IV(A)(2)).

4. Participating contractors shall also enter separately in Item 14 on a semi-annual cumulative basis the percentage and corresponding dollar amount of subcontract awards made in each of the two selected industry categories.

5. Participating contractors shall be exempt from the completion of SF 294 "Subcontract Report For Individual Contracts" for DoD contracts during their participation in the Program.

BILLING CODE 5000-04-M

Office of the Secretary

Defense Science Board

ACTION: Notice of Advisory Committee Meetings.

SUMMARY: The Defense Science Board will meet in closed session on August 5-16, 1996 at the Beckman Center, Irvine, California.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition and Acquisition on scientific and technical matters as they affect the perceived needs of the Department of Defense. At that time the Board will examine the substance, interrelationships, and the US national security implications of three critical areas identified and tasked to the Board by the Secretary of Defense, Deputy Secretary of Defense, and Under Secretary of Defense for Acquisition and Technology. The subject areas are: Achieving and Innovative Support Structure to Enhance Early 21st Century Military Operations; and Tactics and Technology for 21st Century Military Superiority. The period of study is anticipated to culminate in the formulation of specific recommendations to be submitted to the Secretary of Defense, via the Under Secretary of Defense for Acquisition and Technology, for his consideration in determining resource policies, short- and long-range plans, and in shaping appropriate implementing actions as they may affect the U.S. national defense posture.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1988)), it has been determined that this DSB meeting, concerns matters

listed in 5 U.S.C. 552b(c)(1) (1988), and that accordingly this meeting will be closed to the public.

Dated: July 25, 1996.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000-04-M

Defense Science Board Task Force on Anti-Personnel Landmine Alternatives, Landmine Detection and Demining, and Unexploded Ordnance (UXO) Clearance Operations

ACTION: Notice of Advisory Committee Meetings.

SUMMARY: The Defense Science Board Task Force on Anti-Personnel Landmine Alternatives, Landmine Detection and Demining, and Unexploded Ordnance (UXO) Clearance Operations will meet in closed session on July 30-31, 1996 at Strategic Analysis, Inc., Arlington, Virginia. In order for the Task Force to obtain time sensitive classified briefings, critical to the understanding of the issues, this meeting is scheduled on short notice. The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will examine US landmine, landmine detection and demining efforts, and alternatives to anti-personnel landmines. It will also examine UXO remediation, active range UXO clearance, and explosive ordnance disposal (EOD) efforts. It will include in this examination, the relationship between the UXO/EOD detection/characterization/clearance and neutralization issues and landmine detection/neutralization issues. In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1994)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) (1994), and that accordingly this meeting will be closed to the public.

Dated: July 25, 1996.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000-04-M

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Resolution of Potential Conflict of Interest

The Defense Nuclear Facilities Safety Board (Board) has identified and resolved potential conflicts of interest situations related to its proposed contractor, MPR Associates, Incorporated (MPR). This Notice, which is a summary of the facts related to this decision, satisfies the requirements of 10 CFR 1706.8(e) with respect to publication in the Federal Register. Under the Board's Organizational and Consultant Conflicts of Interest Regulation, 10 CFR Part 1706 (OCI Regulations), an organizational or consultant conflict of interest (OCI) means that because of other past, present or future planned activities or relationships, a contractor or consultant is unable, or potentially unable, to render impartial assistance or advice to the Board, or the objectivity of such offeror or contractor in performing work for the Board is or might be otherwise impaired, or such offeror or contractor has or would have an unfair competitive advantage. While the OCI Regulations provide that contracts shall generally not be awarded to an organization where the Board has determined that an actual or potential OCI exists and cannot be avoided, the Board may waive this requirement in certain circumstances.

The Board is tasked with the responsibility of overseeing the safe operation of the Department of Energy's (DOE's) defense nuclear facilities in order to ensure that the health and safety of the workers and the general public are adequately protected. One such facility is the Savannah River Site, which operates an In-Tank Precipitation (ITP) facility that provides highly radioactive material to the Defense Waste Processing Facility for conversion into vitrified logs for long-term storage.

The Board has become aware of a potential health and safety matter at the Savannah River Site involving the ITP facility. Specifically, the ITP chemical process results in the generation of benzene in solution in an unpredictable manner. Furthermore, the benzene, a flammable substance, is released from the solution at an anomalous rate. These unpredictable phenomena could be due to catalysts, radioactive hydrolysis, turbulence, or other factors. Of overriding concern to the Board is that the result of these phenomena, in combination with oxygen intrusion, creates the potential for a deflagration or explosion of the vapor within the tank
