Description: IMS supports museum school partnerships for K-12 school children through the Museum Leadership Initiative program. In the fall of 1995, IMS sponsored a conference on museum school partnerships. Information about the projects IMS has supported an on selected conference proceedings will be published and disseminated widely to the museum and school communities. IMS also intends to collect, analyze and disseminate data to document the current status of educational programming activity between museums and schools.

Currently, no body of data exists to identify how museums are interacting with schools to advance the education of the nation's school age population. Therefore, we propose to survey a portion of the museums community with a brief questionnaire to collect this information. The data collection is intended to provide the basis of statistical conclusions about the nature and level of educational programming between museums and schools, but rather to illustrate the current status and the possibilities for further development.
