

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this filing if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for the applicant to appear or be represented at the hearing.

G. Any person or the Commission's staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,
Secretary.

Notice of Establishment of the Industrial Combustion Coordinated Rulemaking Advisory Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Establishment of Industrial Combustion Coordinated Rulemaking Advisory Committee.

SUMMARY: As required by section 9(a)(2) of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, section 9(c), EPA hereby gives notice of the establishment of the Industrial Combustion Coordinated Rulemaking Advisory Committee (hereafter referred to as the Coordinating Committee). The EPA has determined that this action is in the public interest and that the Coordinating Committee will support EPA in performing its duties and responsibilities under sections 111, 112, and 129 of the Clean Air Act (the Act).

The Coordinating Committee has been established and members will include a balanced representation of interested persons with professional qualifications and experience to contribute to the functions of the Coordinating Committee. Members will be drawn from: environmental, public health, pollution prevention, and environmental justice groups; State/local regulatory agencies; affected sources (includes a variety of industrial, commercial, and institutional establishments as well as small businesses and government and tribal agencies that own boilers, process heaters, waste incinerators, combustion turbines, and/or IC engines); manufacturers—including small business manufacturers—of combustors, emission controls, emission monitoring/testing equipment, and pollution prevention techniques; fuel producers and suppliers; labor and academic research; and EPA.

Another Federal Register notice will be published to announce the initial

meeting dates and the members selected by EPA to be on the Coordinating Committee. The EPA is actively seeking nominations for the Coordinating Committee and the Work Groups. The Federal Register notice announcing the intent to form an Advisory Committee, requesting nominations for candidates, and announcing a public meeting to be held on July 24, 1996 was published on June 21, 1996 (61 FR 31883).

DATES: The first meeting of the Industrial Combustion Coordinated Rulemaking Coordinating Committee will be held in early October. The first Work Group meetings are also expected to be held in October.

INSPECTION OF DOCUMENTS: *Docket.* Minutes of the meetings, as well as other relevant materials, will be available for public inspection at EPA Air Docket No. A-96-17, and is also available on the Technology Transfer Network (see below). The docket is open for public inspection and copying between 8 a.m. and 4 p.m., Monday through Friday except for Federal holidays, at the following address: U.S. Environmental Protection Agency, Air and Radiation Docket and Information Center (6102), 401 M Street SW., Washington, DC 20460. The docket is located at the above address in Room M-1500, Waterside Mall (ground floor). Copies of docket items may be mailed on request from the Air and Radiation Docket and Information Center by calling (202) 260-7548 or 7549. The FAX number for the Center is (202) 260-4000. A reasonable fee may be charged for copying.

Technology Transfer Network. The TTN is one of the EPA's electronic bulletin boards. Information on the ICCR can be downloaded by choosing the "ICCR-Industrial Combustion Coordinated Rulemaking Process" selection from the Technical Information Areas menu. The service is free except for the cost of a phone call. Dial (919) 541-5472 for up to a 14,400 bits-per-second (bps) modem. If more information on the TTN is needed, call the help desk at (919) 541-5384.

ADDRESSES: The location of the upcoming Work Group meetings and Coordinating Committee meeting will be announced in a later Federal Register notice.

FOR FURTHER INFORMATION CONTACT: Fred Porter, Combustion Group, U.S. Environmental Protection Agency, Research Triangle Park, NC 27711; telephone number (919) 541-5251.

SUPPLEMENTARY INFORMATION: Two copies of the Coordinating Committee charter are filed with appropriate committees of Congress and the Library
