

the Commission's official service list for this proceeding. A comment period will be allotted for review if the EA is published. We will consider all comments on the EA before we recommend that the Commission approve or not approve the project.

Currently Identified Environmental Issues

We have already identified several issues that we think deserve attention based on a preliminary review of the proposed facilities and the environmental information provided by ANR. Keep in mind that this is a preliminary list:

- Thirteen residences are within 25 feet of the construction right-of-way.
- The sports facilities on the property of the Liberty School and Liberty Middle School are crossed.

The list of issues may be added to, subtracted from, or changed based on your comments and our analysis.

Public Participation

You can make a difference by sending a letter addressing your specific comments or concerns about the project. You should focus on the potential environmental effects of the proposal, alternatives to the proposal (including alternative routes), and measures to

avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please follow the instructions below to ensure that your comments are received and properly recorded:

- Address your letter to: Lois Cashell, Secretary, Federal Energy Regulatory Commission, 888 First St., N.E., Washington, D.C. 20426;
- Reference Docket No. CP96-641-000;
- Send a copy of your letter to: Mr. Bob Kopka, EA Project Manager, Federal Energy Regulatory Commission, 888 First St., N.E., PR-11.1, Washington, D.C. 20426; and
- Mail your comments so that they will be received in Washington, D.C. on or before August 30, 1996.

If you wish to receive a copy of the EA, you should request one from Mr. Kopka at the above address.

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding or become an "intervenor". Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise,

each intervenor must provide copies of its filings to all other parties. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (see appendix 2). You do not need intervenor status to have your scoping comments considered.

Additional information about the proposed project is available from Mr. Bob Kopka, EA Project Manager, at (202) 208-0282.

Lois D. Cashell,
Secretary.
