

Telephone (202) 260-1023; Fax (202) 260-0178. Or, review the report on the DfE home page at <http://es.inel.gov/dfe>.

Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: ncic@epamail.epa.gov. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect in 5.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number [OPPTS-00194]. No CBI should be submitted through e-mail. Electronic comments may be filed online at many Federal Depository Libraries. Additional information on electronic submissions can be found below in this document.

FOR FURTHER INFORMATION CONTACT: Jed Meline, telephone (202) 260-1678, Design for the Environment Program, Office of Pollution Prevention and Toxics, Mail Code 7406, 401 M St., SW., Washington, DC, 20460, e-mail: meline.jed@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Electronic Availability: Electronic copies of the draft document are available from the EPA Public Access gopher (gopher.epa.gov) at the Environmental Sub-Set entry for this document under "Rules and Regulations."

The EPA's Design for the Environment (DfE) Program began working with the lithographic sector of the printing industry in 1993. This work ultimately formed the basis of the DfE Lithography Project. Concentrating on the process of blanket washing, the partners of the Lithography Project, in a voluntary cooperative effort, evaluated 37 different blanket wash products. Information was gathered on the performance, cost, and health and environmental risk trade-offs of each blanket wash. The goal of the Project is to provide information that will help lithographers make more informed decisions about the blanket wash products they bring into their facilities, and thus, help them design an operation which is more environmentally sound, safer for workers, and more cost effective. With this notice, EPA is announcing the availability of the draft document entitled "Cleaner Technologies Substitutes Assessment: Lithographic Blanket Washes," detailing the information and data gathered throughout the course of the Lithography Project.

A record has been established for this notice of availability under docket number [OPPTS-00194] (including

comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as confidential business information (CBI), is available for inspection from 12 noon to 4 p.m., Monday through Friday, excluding legal holidays. The public record is located in the TSCA Nonconfidential Information Center, Rm. NE-B607, 401 M St., SW., Washington, DC 20460.

Electronic comments can be sent directly to EPA at: ncic@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this notice of availability, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official record which will also include all comments submitted directly in writing. The official record is the paper record maintained at the address in ADDRESSES at the beginning of this document.

Dated: July 31, 1996.

Southern Crop Site; Notice of Proposed Purchaser Agreement

Notice is hereby given that a proposed prospective purchaser agreement associated with Southern Crop Superfund Site in Palm Beach, Florida has been approved by the Agency and by the Department of Justice. The Prospective Purchaser Agreement would resolve certain potential EPA claims under Sections 106 and 107 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as Amended by the Superfund Amendments and Reauthorization Act on 1986 ("CERCLA"), against John McCrocklin, the prospective purchaser ("the purchaser").

The settlement would require the purchaser to provide for proper disposal of any wastes, debris, or other materials generated by a proposed railroad

realignment over a portion of the Southern Crop Site within 90 days for any wastes so generated, and to provide EPA access to the Site. EPA will consider public comments on the proposed agreement for thirty (30) days. EPA may withdraw from or modify the proposed purchaser agreement should such comments disclose facts or considerations which indicate the proposed agreement is inappropriate, improper, or inadequate.

Copies of the agreement are available from: Paula V. Batchelor, U.S. Environmental Protection Agency, Region 4, Waste Management Division, 345 Courtland Street, N.E., Atlanta, Georgia 30365, 404/347-5059, vmx.6169.

Written comments must be submitted to Ms. Batchelor at the above address by September 6, 1996.

Dated: July 19, 1996.

James S. Kutzman,

Acting Director, Waste Management Division.

Notice of Availability of and Initiation of a 30 Day Public Comment Period for an Administrative Order on Consent for De Minimis Waste Contributors Pursuant to the Comprehensive Environmental Response Compensation and Liability Act (CERCLA)

Notice is hereby given that on July 24, 1996, an administrative order on consent ("Order") between the United States Environmental Protection Agency, Region VIII and The Cleveland-Cliffs Iron Company, Union Pacific Resources Company and Union Pacific Resources Group, Inc. (collectively, "the Settling Parties") was approved by the Department of Justice, Environmental and Natural Resources Division, on behalf of the Attorney General of the United States, for the Summitville Mine Superfund Site ("Site").

Because of the minimal nature, by volume and toxicity, of the hazardous substances allegedly contributed by the Settling Parties to the Site, EPA determined that the Settling Parties are eligible for a *de minimis* settlement in accordance with Section 122(g) of CERCLA. According to the terms of the Order, in exchange for a cash payment of \$700,000, including a premium, the Settling Parties have resolved their potential civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607 and Section 7003 of the Resource Conservation and Recovery
