### Request for Comments on Legal Issues Related to Telemedicine

**AGENCY:** Health Resources and Services Administration (HRSA), Health and Human Services (HHS).

**ACTION:** Request for comments.

**SUMMARY:** In the Telecommunications Act of 1996 (Pub.L. 104-104), Congress directs the Secretary of Commerce, in

consultation with the Secretary of Health and Human Services, to submit a report highlighting the activities of the Joint Working Group on Telemedicine (JWGT) and other Federal activities to promote the cost-effective use of telemedicine (Section 709). The JWGT is a Federal interagency working group that examines issues and makes recommendations regarding national policy on telemedicine. The Office of Rural Health Policy, Health Resources and Services Administration, provides staff support to the JWGT. Telemedicine is defined as the use of modern telecommunications and information technologies for the provision of clinical care to individuals at a distance.

In this notice, we seek comments identifying the legal barriers to the cost-effective use of telemedicine and specific suggestions for overcoming these barriers. In particular, we seek suggestions for easing licensure barriers to physicians and other health professionals providing telemedicine services across state lines, and comments on specific alternatives, such as those recently proposed by the Federation of State Medical Boards and the Institute of Electrical and Electronics Engineers. Respondents are encouraged to explore the advantages and disadvantages of a wide range of options such as various types of limited state licensure, registration of out-of-state physicians as proposed in California, regional and national initiatives to expand reciprocity among states, national licensure in terms of their impact on access and quality of health care services, and feasibility and cost of implementation. In addition to addressing cross-state licensure issues, respondents are encouraged to provide comments and suggestions on other legal issues associated with telemedicine such as liability/malpractice. Finally, we are asking respondents to identify the particular challenges in assuring privacy, confidentiality, and security in the conduct of telemedicine and provide suggestions for addressing those challenges. Comments will be reviewed and considered for incorporation into the final report to Congress.

**DATES:** Comments should be filed on or before August 30, 1996.

**ADDRESSES:** Copies of comments should be sent to: Dena S. Puskin, Sc.D., Office of Rural Health Policy, Health Resources and Services Administration, Room 9-05, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20857.

**FOR FURTHER INFORMATION CONTACT:** Dena S. Puskin, Sc.D., 301-443-0835, dpuskin@hrsa.ssw.dhhs.gov.
