Availability of Final Petition Evaluation Document/Environmental Impact Statement on Fern Lake Watershed in Tennessee

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Availability of Final Petition Evaluation Document/Environmental Impact Statement.

SUMMARY: The Office of Surface Mining Reclamation and Enforcement (OSM) is making available a final petition evaluation document/environmental

impact statement (PED/EIS) on the Fern Lake watershed in Tennessee. The PED/EIS has been prepared to assist the Secretary of the Interior in making a decision on the petition to designate certain lands as unsuitable for surface coal mining operations in the Fern Lake watershed in Tennessee.

ADDRESS: Copies of the final PED/EIS may be obtained from Willis L. Gainer, Supervisor, Technical Group, Office of Surface Mining Reclamation and Enforcement, 530 Gay Street, S.W., Suite 500, Knoxville, Tennessee 37902.

Willis L. Gainer, Office of Surface Mining Reclamation and Enforcement, 530 Gay Street, S.W., Suite 500, Knoxville, Tennessee 37902; telephone (423) 545-4074.

SUPPLEMENTARY INFORMATION: On February 14, 1994, the City of Middlesborough, Kentucky and the National Parks and Conservation Association filed a petition with OSM to designate certain lands in the Little Yellow Creek watershed (Fern Lake), Clairborne County, Tennessee, as unsuitable for surface coal mining operations under the Federal Program for Tennessee (30 CFR 942.700). OSM began to process the petition on March 15, 1994, and on January 26, 1996, OSM made available the draft PED/EIS for a 60-day public review and comment period.

The final PED/EIS was prepared by OSM as directed by section 522(d) of the Surface Mining Control and Reclamation Act of 1977 (SMCRA) and in accordance with Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA). OSM has analyzed seven alternatives which range from designation of the entire petition area while allowing underground mining from mine entries located outside the petition area, to not designating any of the petition area as unsuitable for surface coal mining operations.

In preparing the final PED/EIS, OSM has revised the draft PED/EIS in response to comments received during the public comment period. These comments and OSM's responses to them are included in the final PED/EIS.

No decision will be made on the petition by the Secretary of the Interior until at least 30 days from the time the PED/EIS is made available to the public. Notice of such decision by the Secretary of the Interior will be made available to the public at that time.

UNITED STATES INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-383]

Notice of Commission Decision Not To Modify or Vacate an Initial Determination Granting Temporary Relief, and Issuance of a Temporary Limited Exclusion Order and a Temporary Cease and Desist Order, Subject to Posting of Bond by Complainant

In the Matter of Certain Hardware Logic Emulation Systems and Components Thereof.
AGENCY: International Trade Commission.
ACTION: Notice.

SUMMARY: Notice is hereby given that the Commission has determined not to modify or vacate the presiding administrative law judge's (ALJ) initial determination (ID) granting temporary relief in the above-referenced investigation, and has issued a temporary limited exclusion order and a temporary cease and desist order, subject to posting of a bond by complainant.

FOR FURTHER INFORMATION CONTACT: Jay H. Reiziss, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3116.

SUPPLEMENTARY INFORMATION: This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and Commission rule 210.66, 19 CFR 210.66.

On March 4, 1996, Quickturn Design Systems Incorporated ("Quickturn" or "complainant") filed a complaint under section 337 alleging unfair acts in the importation, the sale for importation, and the sale within the United States after importation of certain hardware logic emulation systems and components thereof by two proposed

respondents: Mentor Graphics Corporation ("Mentor") of Wilsonville, Oregon and Meta Systems ("Meta") of Saclay, France (collectively "respondents"). Quickturn also simultaneously filed a motion for temporary relief.

In the motion for temporary relief, complainant alleged infringement of claims 1, 2, 3, and 15 of U.S. Letters Patent 5,448,496 and claim 8 of U.S. Letters Patent 5,036,473, both owned by Quickturn. On March 8, 1996, the Commission voted to institute an investigation of the complaint and to accept provisionally the motion for temporary relief, and published a notice of investigation in the Federal Register. 61 FR 9486 (March 8, 1996). The temporary relief phase of this investigation was designated "more complicated" by the presiding ALJ on April 14, 1996 (Order No. 14). The ALJ held an evidentiary hearing on temporary relief from April 23, 1996, through May 4, 1996. Complainant, respondents, and the Commission investigative attorney (IA) participated in the hearing. Thereafter, oral argument was held before the ALJ on June 5, 1996. The Commission received submissions on the issues of remedy, the public interest, and bonding from all parties on June 23, 1996, in accordance with Commission rule 210.67(b).

On July 8, 1996, the ALJ issued his ID (Order No. 34) granting Quickturn's motion for temporary relief. On July 18, 1996, respondents and the IA filed written comments on the temporary relief ID, as provided for in rule 210.66(c). Complainant and the IA filed replies to respondents' comments, and respondents filed a reply to the IA's comments on July 22, 1996, as provided for in rule 210.66(e).

The Commission, having considered the ID, the comments and responses to comments of the parties, and the record in this investigation, determined that there were no clearly erroneous findings of fact, no errors of law, or policy reasons to vacate or modify the ID. Consequently, pursuant to Commission rule 210.66(f), the ID became the Commission's determination on the issue of whether there is reason to believe a violation of section 337 has occurred.

The Commission having determined that there is reason to believe that a violation of section 337 has occurred in the importation, sale for importation, or sale in the United States of the accused hardware logic emulators, subassemblies thereof, or component parts thereof, and having determined that temporary relief is warranted, considered the issues of the appropriate
