FGT states that in the January 31, 1996, Policy Statement, the Commission outlined requirements for pipelines to implement negotiated/recourse rate programs whereby a pipeline and its shippers could mutually agree to rates other than those contained in the pipeline's tariff as long as all shippers had recourse to the Commission approved cost based tariff rates. In order to implement these programs, conforming changes are required to FGT's tariff. FGT states that it is filing herein to implement such conforming tariff changes.

FGT states that it has not negotiated any rates with customers which are outside of the maximum and minimum rate ranges contained in its tariff and is not filing at this time to implement any specific negotiated rate transactions.
