FOR FURTHER INFORMATION CONTACT: Mary Orms at the above Austin Ecological Service Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species, when such taking is incidental to, and not the purpose of, otherwise lawful activities.

Regulations governing permits for endangered species are at 50 CFR 17.22.

APPLICANT: Jim Goulding plans to construct a single family residence at 9613 Bell Mountain Drive, Lot 1, Block L, Long Canyon Phase II-B, Austin, Travis County, Texas. This action will eliminate less than one-half acre of land and indirectly impact less than one-half additional acres of golden-cheeked warbler habitat. The applicant proposes to compensate for this loss of golden-cheeked warbler habitat by placing \$1,500 into the City of Austin Balcones Canyonlands Conservation Fund to acquire/manage lands for the conservation of the golden-cheeked warbler.

Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

Lynn B. Starnes,
Regional Director, Region 2, Albuquerque, New Mexico.
