

Included within this review request are the Forms F-5, and F-5a from the Annual Survey of State Tax Collections. This survey was approved separately in the past under the OMB number 0067-0046. We are combining these two collections because the tax portion of the data will no longer be released separately. Although the data will be collected in the same manner by the Forms F-5 and F-5a, the data collected will be included as part of the annual survey releases. Canvass methodology consists of a questionnaire mailout/mail-back. Responses will be screened manually, then entered on a microcomputer. Other methods used to collect data and maximize response include central data collection, solicitation of printed reports in lieu of a completed questionnaire, and use of the Census Bureau's Federal Single Audit Clearinghouse.

Affected Public: State, local or tribal government.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Submission For OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: 1997 Economic Census Covering Professional, Scientific, and Technical Services; Management, Support, Waste Management, and Remediation Services; Educational Services; Health and Social

Assistance; Arts, Entertainment, and Recreation; and Other Services, except Public Administration Sectors.

Form Number(s): SV-7201 thru SV-8999 (46 forms).

Agency Approval Number: None.

Type of Request: New collection.

Burden: 900,349 hours.

Number of Respondents: 1,443,072.

Avg Hours Per Response: 37 and one half minutes.

Needs and Uses: The economic census is the primary source of facts about the structure and functioning of the Nation's economy and features unique industry and geographic detail. Economic census statistics serve as part of the framework for the national accounts and provide essential information for government, business, and the general public. Further, the census provides sampling frames and benchmarks for current surveys of business which track short-term economic trends, serve as economic indicators, and contribute critical source data for current estimates of the gross domestic product. The economic census will produce basic statistics by kind of business for number of establishments, receipts/revenue, payroll, and employment. It also will yield a variety of subject statistics, including sources of receipts or revenue, receipts by class of customer, and other industry-specific measures, such as exported services or personnel by occupation. Basic statistics will be summarized for the United States, states, and metropolitan areas; for counties and places having 2,500 inhabitants or more; and for ZIP code areas. Tabulations of subject statistics also will present data for the United States and, in some cases, for states. The sectors of the economy covered under this request represent more than 2 million establishments classified in the North American Industry Classification System (NAICS). Data will be collected through a complete mail canvass supplemented by data from Federal administrative records. Other sectors of the economy included in the economic census will be covered through other clearance requests.

The notice published on February 29, 1996 announcing our intention to include these sectors in the economic census included a sector titled "Professional, Management, and Support Services." The industries included in this sector are now classified into two separate sectors titled "Professional, Scientific, and Technical Services" and "Management, Support, Waste Management, and Remediation Services." The new "Management, Support, Waste Management, and Remediation Services" sector includes

two additional industries—Waste Management and Remediation Services—which were not covered in the sectors listed in the notice mentioned above, due to changes in the NAICS system.

Affected Public: Individuals or households; Business or other for-profit institutions; Not-for-profit institutions; State, local or tribal government.

Frequency: One-time.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 USC, Sections 131 & 224.

OMB Desk Officer: Jerry Coffey, (202) 395-7314.
