**ADDRESSES:** David Lah, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Room N-5637, Washington, D.C. 20210, 202-219-5782.

**SUPPLEMENTARY INFORMATION:**

**Background**

The Youth Opportunity Area Pilot is an attempt on the part of the Department of Labor to improve the labor market prospects of out-of-school youth in a small number of high poverty areas. In this pilot, funds will be provided to three Opportunity Areas, one each in the cities of Chicago, Los Angeles and Houston, to expand employment, education, and training opportunities for out-of-school youth ages 16-24, with priority given to high school dropouts. Each Opportunity Area will consist of an identified target area within a designated empowerment zone (EZ) or enterprise community (EC) with a population of between 10,000 and 20,000 persons and a poverty rate in the 1990 Census that is among the highest in the EZ/EC. Under this evaluation, a baseline youth employment rate will be determined for the three Opportunity Areas. This will be compared to an employment rate similarly calculated at the end of the pilot to determine its impact on the ability of youth in these areas to find jobs. In addition, information will be collected on whether the subject young people are parents and on any exposure they may have had to the criminal justice system.

*Type of Review:* Paperwork Reduction.

*Agency:* Employment and Training Administration.

*Title:* Youth Opportunity Area Pilot.

*Affected Public:* Individuals and households.

*Total Respondents:* 720.

*Frequency:* One follow-up survey.

*Total Responses:* 1440.

*Average Time Per Response:* One-half hour.

*Estimated Total Burden Hours:* 720.

*Estimated Total Burden Cost:* \$380,000.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: August 7, 1996.

**[NAFTA-00838]**

**Winona Knitting Mills, Inc., Berwick Knitwear, Berwick, Pennsylvania; Amended Certification Regarding Eligibility To Apply for NAFTA Transitional Adjustment Assistance**

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), the Department of Labor issued a Revised Determination on Reconsideration concerning eligibility to apply for NAFTA-Transitional Adjustment Assistance on May 8, 1996, applicable to all workers of Winona Knitting Mills, Berwick Knitwear, Formerly Komar & Sons Berwick Knitwear, located in Berwick, Pennsylvania. The notice was published in the Federal Register on May 24, 1996 (FR 61 26224).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New findings show that the Department set the incorrect impact date for the worker certification. Other findings show that all workers of Komar & Sons were separated from employment on March 2, 1995, when the company closed its Berwick, Pennsylvania production facility. Those workers did not file a TAA petition, and should not be included in this worker group certification. Winona Knitting Mills purchased the Berwick production facility from Komar & Sons on March 3, 1995, and on March 6, 1995 reopened the plant and hired some of the former Komar & Sons employees. Accordingly, the Department is amending the worker certification to exclude workers who were separated from Komar & Sons, and change the impact date from February 26, 1995, to March 6, 1995, the date the Winona Knitting Mills began their production operations in Berwick, Pennsylvania.

The intent of the Department's certification is to cover only those workers of Winona Knitting Mills adversely affected by increased imports from Mexico and Canada.

The amended notice applicable to NAFTA-00838 is hereby issued as follows:

All workers of Winona Knitting Mills, Berwick Knitwear, Berwick, Pennsylvania, who became totally or partially separated from employment on or after March 6, 1995,

are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, DC this 30th day of July 1996.

Russell T. Kile,

*Acting Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.*

**Occupational Safety and Health Administration**

**Proposed Collection: Comment Request**

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [U.S.C. 3506 (c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently the Occupational Safety and Health Administration is soliciting comments concerning the proposed extension of the information collection request for The 13 Carcinogens Standard § 1910.1003. On March 7, 1996, OSHA published a final rule entitled Miscellaneous Minor and Technical Amendments; Final rule (61 FR 9229). As part of this final, the 13 separate carcinogen standards were combined into one standard entitled "13 carcinogens." This information collection request combines the following 13 collections into one package: § 1910.1003 4-Nitrobiphenyl (1218-0085); § 1910.1004 alpha-Naphthylamine (1218-0084); § 1910.1006 Methylchloromethyl ether (1218-0086); § 1910.1007 3,3'-Dichlorobenzidine (and its salts) (1218-0083); § 1910.1008 bis-Chloromethyl ether (1218-0087); § 1910.1009 beta-Naphthylamine (1218-0089); § 1910.1010 Benzidine (1218-0082); § 1910.1011 4-Aminodiphenyl (1218-0090); § 1910.1012 Ethyleneimine (1218-0080); § 1910-1013 beta-Propiolactone (1218-0079); § 1910.1014 2-Acetylaminofluorene (1218-0088); § 1910.1015 4-
