

questionnaires in the final investigation, and to permit parties to file briefs.

Participation in the Proceedings

Only those persons who were interested parties to the original administrative proceedings (i.e., persons listed on the Commission Secretary's service list) may participate in these remand proceedings.

Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order ("APO") and BPI Service List

Information obtained during the remand investigation will be released to parties under the administrative protective order ("APO") in effect in the original investigation. Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make business proprietary information gathered in the final investigation and this remand investigation available to additional authorized applicants not covered under the original APO, provided that application is made not later than seven (7) days after publication of the Commission's notice of reopening the record on remand in the Federal Register. Applications must be filed for persons on the Judicial Protective Order in the related CIT case, who are not under the original APO and wish to participate in the remand investigation. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO in this remand investigation.

Written Submissions

Briefs should be concise, limited to the issue of exclusion of Samsung's imports, and thoroughly referenced to information on the record in the original investigation or information obtained during the remand investigation. Written briefs shall be limited to thirty (30) pages, and must be filed no later than close of business on September 9, 1996. No further submissions will be permitted unless otherwise ordered by the Commission.

All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain business proprietary information (BPI) must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will

not accept a document for filing without a certificate of service.

Authority: This action is taken under the authority of the Tariff Act of 1930, title VII.

Issued: August 7, 1996.

By order of the Commission.

Donna R. Koehnke,

Secretary.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Settlement Pursuant to the Clean Air Act

In accordance with Department policy, 28 CFR 50.7, notice is hereby given that on July 18, 1996, a proposed Consent Decree in *United States v. Georgia-Pacific Corporation*, (N.D.G.A.) (Civil No. 1 96-CV-1818-FMH), was lodged with the U.S. District Court for the Northern District of Georgia, Atlanta Division. The United States filed its compliant in this action simultaneously with the consent decree, on behalf of the Environmental Protection Agency ("EPA") pursuant to Section 113(b) of the Clean Air Act, 42 U.S.C. § 7413(b).

The complaint seeks injunctive relief and civil penalties for violations of the Act and regulations promulgated thereunder at eighteen wood processing facilities located in Alabama, Arkansas, Florida, Georgia, Mississippi, North Carolina, South Carolina, and Virginia.

The complaint alleged that Georgia-Pacific Corporation ("G-P") failed to obtain permits required by the Prevention of Significant Deterioration ("PSD") regulations prior to making major modifications at these facilities. As a result, G-P's facilities are emitting significant amounts of volatile organic compounds ("VOCs"). Alternatively, the complaint alleges that even if the modifications at G-P's facilities did not trigger PSD, G-P still had an obligation to obtain construction permits for the modifications. Finally, the complaint alleges that G-P violated provisions of state implementation plans by failing to report VOC emissions on various permit applications.

Under the terms of the settlement, G-P will apply for PSD or federally enforceable state minor source permits for modifications at the 18 facilities, install state-of-the-art pollution control equipment at 11 of those plants, and agree to strict production limits at 2 additional plants. The consent decree requires a 90% reduction of VOC emissions from G-P's plywood and OSB dryers. In addition, for the remaining plants where G-P made modifications to its plywood presses, the consent decree obligates G-P to seek determinations from the state in which the facility is located of Best Available Control Technology for control of emissions resulting from the plywood presses.

The Consent Decree also requires G-P to conduct comprehensive Clean Air Act audits of all 26 of its wood product facilities nationwide and to monitor compliance with emission limits on a daily basis. In addition, G-P will pay a civil penalty of \$6 million and perform Supplemental Environmental Projects that will cost \$4.25 million.

The Consent Decree provides that G-P's satisfaction of all of the requirements of the Decree will constitute full settlement of, and will resolve all civil and administrative liability of G-P to the United States for, PSD and minor source permitting violations covering all criteria pollutants for the modifications listed in Schedule C to the Consent Decree, and for any other violations alleged in the Environmental Protection Agency's August 5, 1994 and May 18, 1995 Notices of Violation, or in the United States' Complaint.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments
