

884,000 gross square feet in 17 buildings, housing some 1,900 personnel. Approximately 60 percent of gross square footage consists of laboratory space, the remainder being office, administrative, and facility support space. There are approximately 1,800 parking spaces on site.

To meet CDC's known facility replacement needs, and to provide future expansion space, GSA proposes to acquire and develop approximately 17.6 acres bounded by Clifton Road to the north Clifton Way to the east, and Michael Street to the south and west (West Campus). The maximum anticipated development over a twenty year planning horizon is approximately 633,000 additional gross square feet of laboratory, office, and support space, and 1,521 additional parking spaces.

GSA has identified the following alternatives to be examined in the EIS:

- "No Action," that is, undertake no site acquisition and development at all.
- Full Acquisition of 17.6 acres and full development of the proposed West Campus Site, previously described. This is the GSA/CDC preferred alternative and the proposed action.
- Limited Expansion by acquisition of less than the full 17.6 acres and development and expansion on a portion of the 17.6 acres and on the existing campus.
- On site consolidation and no additional site acquisition, with development occurring on the existing government-owned CDC Campus site.

As part of the public scoping process, GSA encourages you to provide comments on the DEIS in writing at the following address: Mr. George Chandler or Mr. Phil Youngberg, GSA/PBS Portfolio Management 4PT, 401 West Peachtree Street, NW, Suite 3010, Atlanta, GA 30365 or, FAX your comments to GSA at 404-331-4540. *Comments should be postmarked no later than October 7, 1996.*
