[Docket No. 95-28; Notice 9]

RIN 2127-AF73

Federal Motor Vehicle Safety Standards; Lamps, Reflective Devices and Associated Equipment; Correction

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Proposed rule; correction.

SUMMARY: This document contains corrections to the proposed rule published on July 10, 1996 (61 FR 36334). The proposed rule would afford an option to existing headlamp aiming specifications. As published, the reference numbers of the Figures discussed in the preamble text do not correspond to the numbers assigned the Figures in the proposed amendatory text. These errors are now corrected by Notice 9.

FOR FURTHER INFORMATION CONTACT: Rich VanInderstine, Office of Safety Performance Standards, NHTSA (phone 202-366-5203; FAX 202-366-4329).

SUPPLEMENTARY INFORMATION:

Background

In the proposed rule, Federal Register document 96-17299, which begins on page 36334 in the issue of Wednesday, July 10, 1996, the reference numbers of the Figures discussed in the preamble text do not correspond to the number assigned the Figures in the proposed amendatory text. The error arose because the agency's designations did not comply with Federal Register policy. The Figure numbers were changed in the proposed amendatory text after the document was submitted for publication without corresponding changes in the preamble text. This correction provides a clarification of the agency's intent.

Correction of Publication

1. For any reference to "Figure 15va" and "Figure 17va" in the preamble text, substitute "Figure 15B" and "Figure 17B" respectively.

2. For any reference to "Figure 27va" and "Figure 28va" in the preamble text, substitute "Figure 27A" and "Figure 28A" respectively.
