

the API proposal is conducted. These new compliance dates are as follows:

Before December 7, 1997, plan and schedule testing;

Before December 7, 1999, pressure test each pipeline containing more than 50 percent by mileage of electric resistance welded pipe manufactured before 1970; and at least 50 percent of the mileage of all other pipelines; and

Before December 7, 2002, pressure test the remainder of the pipeline mileage.

Regulatory Analyses and Notices

Executive Order 12866 and DOT Policies and Procedures

The Office of Management and Budget (OMB) does not consider this final rule to be a significant regulatory action under section 3(f) of Executive Order 12866. Therefore, OMB did not review the final rule under that order. Also, DOT does not consider the final rule to be significant under its regulatory policies and procedures (44 FR 11034, February 26, 1979). This extension of compliance dates does not warrant preparation of a Regulatory Evaluation.

Executive Order 12612

We analyzed the final rule under the principles and criteria in Executive Order 12612 ("Federalism"). The final rule does not have sufficient federalism impacts to warrant preparation of a federalism assessment.

Regulatory Flexibility Act

I certify, under Section 605 of the Regulatory Flexibility Act, that this final rule will not have a significant economic impact on a substantial number of small entities.

List of Subjects in 49 CFR Part 195

Carbon dioxide, Petroleum, Pipeline safety, Reporting and recordkeeping requirements.

In consideration of the foregoing, RSPA amends part 195 of title 49 of the Code of Federal Regulations as follows:

PART 195—[AMENDED]

1. The authority citation for part 195 continues to read as follows:

Authority: 49 U.S.C. 60102, 60104, 60108, 60109; and 49 CFR 1.53.

2. Section 195.302(c) (1) and (2) are revised to read as follows:

§ 195.302 General requirements.

* * * * *

(c) Except for onshore pipelines that transport HVL, the following compliance deadlines apply to pipelines under paragraphs (b)(1) and (b)(2)(i) of this section that have not been pressure tested under this subpart:

(1) Before December 7, 1997, for each pipeline each operator shall—

(i) Plan and schedule testing according to this paragraph; or

(ii) Establish the pipeline's maximum operating pressure under § 195.406(a)(5).

(2) For pipelines scheduled for testing, each operator shall—

(i) Before December 7, 1999, pressure test—

(A) Each pipeline identified by name, symbol, or otherwise that existing records show contains more than 50 percent by mileage of electric resistance welded pipe manufactured before 1970; and

(B) At least 50 percent of the mileage of all other pipelines; and

(ii) Before December 7, 2002, pressure test the remainder of the pipeline mileage.

Issued in Washington, D.C. on August 14, 1996.

Kelley S. Coyner,

Deputy Administrator.

BILLING CODE 4910-60-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 285

[I.D. 081496A]

Atlantic Tuna Fisheries; Atlantic Bluefin Tuna

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS closes the fishery for school Atlantic bluefin tuna (ABT) in the waters off New Jersey and states north. Closure of this fishery is necessary because the annual quota is projected to be attained by August 17, 1996. The intent of this action is to

prevent overharvest of the quota established for this fishery.

EFFECTIVE DATE: The closure is effective from 2330 hours local time August 17 through December 31, 1996.

FOR FURTHER INFORMATION CONTACT: Bill Hogarth, 301-713-2347.

SUPPLEMENTARY INFORMATION:

Regulations implemented under the authority of the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*) regulating the harvest of ABT by persons and vessels subject to U.S. jurisdiction are found at 50 CFR part 285.

The Assistant Administrator for Fisheries, NOAA (AA), is authorized under § 285.20(b)(1) to monitor the catch and landing statistics and, on the basis of those statistics, to project a date when the catch of ABT will equal any quota under § 285.22. The AA is further authorized under § 285.20(b)(1) to prohibit fishing for, or retention of, ABT by those fishing in the category subject to the quota when the catch of tuna equals the quota established under § 285.22. The AA has determined, based on the reported catch and estimated fishing effort, that the annual quota of school ABT will be attained by August 17, 1996. Fishing for, catching, possessing, or landing any school ABT in any area must cease at 2330 hours local time on August 17, 1996. The Angling category fishery for bluefin tuna in the large school and small medium classes (47 inches to less than 59 inches (119 cm to less than 150 cm), and 59 inches to less than 73 inches (150 cm to less than 185 cm) curved fork length, respectively) was previously closed on July 31, 1996 (61 FR 40352, August 2, 1996). However, anglers may continue to tag and release fish greater than 27 inches (69 cm) curved fork length under the NMFS tag-and-release program (50 CFR 285.27).

Classification

This action is taken under 50 CFR 285.20(b)(1) and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 971 *et seq.*

Dated: August 14, 1996.

Richard W. Surdi,

Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.
