

cleanup levels, the entire Site was backfilled with a six-inch layer of clean soil. Finally, the Site was seeded with tall fescue grass and the damaged areas of the perimeter fence were repaired. The removal activities were completed March 23, 1995. The total cost of cleanup was 1.3 million dollars.

D. Community Relations Activities

In accordance with the requirements of CERCLA § 113(k)(2)(B) and § 117, a Community Relations Plan (CRP) was developed to establish a framework for community relations activities at the Chemet Company Site. The CRP was finalized January 1994. EPA held a Public Meeting on January 27, 1994, to describe the Superfund process and the planned EE/CA activities. On May 24, 1994, EPA held a Public Meeting to describe the Superfund Proposed Removal Plan, present the results of the EE/CA, and the Streamline Risk Assessment.

E. Summary of Operation and Maintenance

No Operation and Maintenance (O&M) is necessary at this Site.

F. How Chemet Company Meets NPL Deletion Criteria

Section 300.425(e) of the NCP provides that releases may be deleted from, or recategorized on the NPL where no further response is appropriate. EPA, in consultation with the State of Tennessee, has concluded that the Chemet Company Site meets the following criteria for site deletion:

- (i) All appropriate fund-financed response actions have been implemented; and
- (ii) All appropriate response under CERCLA has been implemented.

G. State Concurrence To Delete Chemet Company Site

The State of Tennessee concurred with the deletion of the site by letter dated July 11, 1996.

EPA, in consultation with the State of Tennessee, has concluded that the Chemet Company Site meets the following criteria for site deletion: (1) EPA and the State of Tennessee have implemented all appropriate response actions required; (2) All appropriate response under CERCLA has been implemented; and (3) the confirmation sampling done after excavation activities verified that the Chemet Site poses no significant threat to public health or the environment and, therefore, taking of further remedial measures is not appropriate. EPA and the State of Tennessee believe that the above listed criteria for deletion have been met. Subsequently, EPA is

proposing deletion of the Chemet Company Site from the NPL. Documents supporting this action are available from the local repository.

Dated: July 15, 1996.

A. Stanley Meiburg,
Deputy Regional Administrator, U.S. EPA
Region 4.

Addition of Facilities in Certain Industry Sectors; Toxic Chemical Release Reporting; Community Right-to-Know; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; extension of comment period.

SUMMARY: In the Federal Register of June 27, 1996, EPA issued a proposed rule to add seven industry groups to the list of industries required to report under the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) section 313 and section 6607 of the Pollution Prevention Act of 1990 (PPA). Except as provided in this Notice, the period for accepting comments on the proposed rule ends August 26, 1996. EPA has added additional information to the public docket prior to the close of the public comment period. This information is summarized in this document. To assure that the public and other interested parties may review and comment on the additional documents and information, EPA is extending the comment period on the proposed rule. EPA is requesting comment on the additional documents and information only. Comments must be confined to the contents of these documents.

DATES: Comments must be received by September 4, 1996.

ADDRESSES: Written comments should be submitted in triplicate to: OPPT Docket Clerk, TSCA Document Receipt Office (7407), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-G099, 401 M St., SW., Washington, DC 20460. Comments containing information claimed as confidential must be clearly marked as confidential business information (CBI). If CBI is claimed, three additional sanitized copies must also be submitted. Nonconfidential

versions of comments on the proposed rule will be placed in the rulemaking record and will be available for public inspection. Comments should include the docket control number for this document, OPPTS-400104C and the EPA contact for this document. Unit III of this document contains additional information on submitting comments containing information claimed as CBI.

Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: oppt.ncic@epamail.epa.gov. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect 5.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number OPPTS-400104C. No CBI should be submitted through e-mail. Electronic comments on this proposed rule may be filed online at many Federal Depository Libraries. Additional information on electronic submissions can be found in Unit III. of this document.

FOR FURTHER INFORMATION CONTACT: Tim Crawford at 202-260-1715, e-mail: crawford.tim@epamail.epa.gov, or Brian Symmes at 202-260-9121, e-mail: symmes.brian@epamail.epa.gov, or the Emergency Planning and Community Right-to-Know Information Hotline, Environmental Protection Agency, Mail Stop 5101, 401 M St., SW., Washington, DC 20460, Toll free: 1-800-535-0202, in Virginia and Alaska: 703-412-9877 or Toll free TDD: 1-800-553-7672.

SUPPLEMENTARY INFORMATION: Electronic Availability: Electronic copies of the documents listed in Unit IV. of this document are available from the EPA Public Access gopher (gopher.epa.gov) at the Environmental Sub-Set entry under "Rules and Regulations."

I. Introduction

Current EPCRA section 313 reporting requirements apply to facilities classified in the manufacturing sector (Standard Industrial Classification codes 20-39) that have 10 or more full-time employees, and that manufacture, process, or otherwise use one or more listed section 313 chemicals above certain threshold amounts. EPA has been in the process of evaluating industry groups for potential addition under EPCRA section 313. EPA recently issued a proposed rule to add seven industry groups to the list of industries subject to EPCRA section 313 reporting requirements (61 FR 33588, June 27, 1996) (FRL-5379-3).

II. Description of Additional Documents and Information

EPA believes that the revised interpretation of "otherwise use" for purposes of EPCRA section 313 threshold calculations, as proposed in the June 27, 1996 Federal Register, may affect how certain facilities currently covered under EPCRA section 313 report. As stated in the proposal, EPA does not anticipate that this revised interpretation will significantly change the reporting status of facilities operating in the manufacturing sector because the revised interpretation is most likely to impact only those facilities that are in the business of managing waste materials from other facilities. In the proposal, EPA requested specific comment on the number of facilities within the manufacturing sector that this revised interpretation might affect. EPA has continued its efforts to refine its estimate of the quantitative impact that a revision of the otherwise use interpretation might have on reporting facilities. This Federal Register document is to notify interested parties that EPA has added information to the docket estimating the potential impact of the revised interpretation of "otherwise use" that includes receipt of chemicals for the purposes of further waste management activities on facilities currently covered under EPCRA section 313. This information also relates to RCRA Subtitle C Hazardous Waste facilities receiving materials from manufacturing facilities currently reporting to TRI. This information is available for public review and comment, and is contained in a document entitled *Effects of Modified TRI Otherwise Use Interpretation on Manufacturing Facilities and Other Waste Treatment and Disposal Facilities* (Ref. 1).

It has come to EPA's attention that the document entitled *Interpretive Guidance for Revised Interpretation for Otherwise Use* has not been readily available. By this Federal Register Notice, EPA is notifying all interested parties that this document has been placed in the public docket and that it is readily available.

In addition, EPA is providing additional information on potential impacts of the proposed rule on small entities in the document entitled: *Estimated Impacts on Small Entities: Refined Estimation of Company Revenue and Impacts* (Ref. 2). In particular, this document provides additional data on the distribution of company revenue and employment within selected non-manufacturing SIC

codes, the average number of facilities per company, and revenue and employment data sorted by the Small Business Administration's SIC code-specific size standards.

III. Rulemaking Record

A record has been established for this rulemaking under docket number "OPPTS-400104C" (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from noon to 4 p.m., Monday through Friday, excluding legal holidays. The public record is located in the TSCA Nonconfidential Information Center (NCIC), located at EPA Headquarters, Rm. E-B607, 401 M St., SW., Washington, DC 20460.

Any person who submits comments claimed as CBI must mark the comments as "confidential," "CBI," or other appropriate designation. Comments not claimed as confidential at the time of submission will be placed in the public file. Any comments marked as confidential will be treated in accordance with the procedures in 40 CFR part 2. Any person submitting comments claimed to be confidential must prepare a nonconfidential public version of the comments in triplicate that EPA can put in the public file.

Electronic comments can be sent directly to EPA at:

ncic@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this rulemaking, as well as the public version, described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the address in ADDRESSES at the beginning of this document.

Disaster Housing Resources Program

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Advance notice of proposed rulemaking.

SUMMARY: This advance notice of proposed rulemaking gives notice of FEMA's intent to divest itself of its inventory of mobile homes and travel trailers which serve as disaster temporary housing and to devolve this portion of the housing program to the States. We invite public comments on the devolvement process and program development concerning State-administered disaster housing resources programs.

DATES: Comments should be received by September 20, 1996.

ADDRESSES: Please send any comments to the Rules Docket Clerk, Office of the General Counsel, Federal Emergency Management Agency, 500 C Street SW., room 840, Washington, DC 20472, (facsimile) (202) 646-4536.
