Department of the Air Force

Notice of Intent To Prepare an Environmental Impact Statement for the Disposal of Portions of Kelly Air Force Base, Texas

The United States Air Force (Air Force) is issuing this notice to advise the public that the Air Force intends to prepare an environmental impact statement (EIS) to assess the potential environmental impacts in support of decision making for the disposal of portions of Kelly Air Force Base (AFB) in San Antonio, Texas. The resulting EIS will be considered in making disposal decisions that will be

documented in the Air Force's Record of Decision.

The EIS will address the potential environmental impact of disposal of property resulting from the realignment of Kelly AFB pursuant to the Defense Base Closure and Realignment Act. The EIS will also address the potential environmental impacts of reasonable disposal alternatives. Portions of the base property will be realigned with Lackland AFB and will therefore not be available for disposal.

The scoping period for the Kelly AFB Disposal and Reuse EIS will extend through October 1996. On September 17, 1996, starting at 7:00 PM, a formal scoping meeting will be held at Kennedy High School, 1922 South General McMullen Highway, San Antonio, Texas, 78226. The purpose of this meeting is to provide a forum for public officials and the community to provide information and comments and to identify environmental issues and concerns that need to be assessed and discussed in the EIS. During the meeting, the Air Force will discuss the proposal to dispose of portions of Kelly AFB, describe the process involved in preparing an EIS, and ask for input in identifying alternate uses for the property. The Air Force will consider reasonable alternatives offered by any federal, state, or local government agency, as well as any individual or private entity.

To ensure sufficient time to adequately consider public comments concerning environmental issues and disposal alternatives to be included in the EIS, the Air Force recommends that comments and disposal proposals be presented at the earliest possible date. The Air Force will, however, accept additional comments any time during the environmental impact analysis process.

Please direct written comments or requests for further information concerning the Kelly AFB disposal EIS to: Mr. Ted Shierk, HQ AFCEE/ECP, 3207 North Road, Brooks AFB TX 78235-5363, Phone: (210) 536-3807; FAX (210) 536-3890.

Patsy J. Conner,

Air Force Federal Register Liaison Officer.
