

Department of the Army**Environmental Assessment and Finding of No Significant Impact for the Relocation of the Communications-Electronics Management Missions and Functions of the Aviation and Troop Command (ATCOM) and the Relocation of the U.S. Army Audit Agency (AAA) Functions From St. Louis, MO, to Fort Monmouth, NJ**

AGENCY: Department of the Army, DOD.

ACTION: Notice of availability.

SUMMARY: In accordance with Public Law 101-510 (as amended), the Defense Base Closure and Realignment Act of 1990, the Defense Base Closure and Realignment Commission recommended the relocation of the communications-electronics materiel management missions and functions from the Aviation and Troop Command (ATCOM), St. Louis, Missouri, to the Communications-Electronics Command (CECOM), Fort Monmouth, New Jersey. The Army also proposes to take a discretionary action: the relocation of U.S. Army Audit Agency (AAA) functions from St. Louis, Missouri, to Fort Monmouth, New Jersey, to support the realigning ATCOM missions.

The Environmental Assessment (EA) evaluates the environmental impacts associated with the transfer of approximately 178 military and civilian positions from St. Louis, Missouri, to Fort Monmouth, New Jersey. The relocation of the communications-electronics materiel management function from ATCOM to CECOM involves the transfer of 8 military positions and 167 civilian positions. The relocation of the ATCOM function involves the renovation of building 206 on the Main Post. The renovation project will principally involve gutting interior walls; replacing heating, ventilation, and air-conditioning systems; and increasing electrical system capacity. The relocation of approximately 3 AAA civilian positions to Fort Monmouth is required to maintain adequate audit capabilities associated with the communications-electronics materiel management function. The AAA personnel will relocate into AAA's existing CECOM field office, located in Building 418, at Fort Monmouth, New Jersey.

The EA examines potential impacts of the proposed action and alternatives on 13 resource areas and areas of environmental concern: land use, air quality, noise, water resources, geology, infrastructure, training areas, hazardous and toxic materials, biological resources and ecosystems, cultural resources, the

sociological environment, economic development and quality of life.

Based on the analysis found in the EA, which is hereby incorporated in this Finding of No Significant Impact, it has been determined that the implementation of these relocations to Fort Monmouth would have no significant or cumulatively significant impacts on the quality of the natural or human environment. Because no significant environmental impacts would result from implementation of the proposed action, an Environmental Impact Statement is not required and will not be prepared.

DATES: Inquiries and comments will be accepted for 15 days after publication of this Notice of Availability in the Federal Register.

ADDRESSES: Copies of the Environmental Assessment and Finding of No Significant Impact can be obtained by contacting Dr. Neil Robinson at the U.S. Army Corps of Engineers, Mobile District, ATTN: CESAM-PD-E, P.O. Box 2288, Mobile, Alabama 36628-0001 or by telephone at (334) 690-3018.
