COMMODITY FUTURES TRADING COMMISSION

Privacy Act of 1974: System of Records

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice of effectiveness of new system of records.

SUMMARY: On May 2, 1996 the Commission gave notice of a new system of records maintained under the Privacy Act to include data from electronic key card systems used by the Commission in its Headquarters Office in Washington, D.C. and in certain of its regional offices (61 FR 19613). The Commission also invited public comment concerning two proposed routine uses for this system. No comments were received. This notice is intended to inform the public of the effective date of the system of records and the two new routine uses. Also with this publication, clarifying language is being added to the systems notice under the headings "System Location" and "Record Source Categories."

DATES: The effective date of this system of records is June 11, 1996, and of the new routine uses is August 26, 1996.

ADDRESSES: Copies of the new system of records may be obtained from Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, N.W., Washington, D.C. 20581.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Commission published on May 2, 1996 a description of a new system of records and invited comments on the proposed new routine

uses for the system. (61 FR 19613). No comments were received.

The electronic key card usage system of records described in 61 FR 19613 is a by-product of the Commission's physical security system. The principal purpose of the key cards themselves is to limit physical access to most of the Commission's office space to authorized key holders. Most of these are agency employees, but they also include visitors and representatives of landlords. Under most of the Commission's office space leases, maintenance of the key card systems is the landlord's obligation. Most of the records of card usage belong to the Commission's landlords, and are not agency records. As part of such a system, each use of any key card is recorded on the landlord's computerized tracking system, or the Commission's system in the case of the Chicago office.

Upon request to a landlord by the Director, Office of Administrative Services (or his/her designee), the landlord will provide a print-out of recorded use of one or more key cards within a block of time. Printouts usually contain the number of the key card and the name of the person to whom that key card is assigned.

Principally this system of records consists of the data obtained from a landlord. It also includes, however, the records maintained by the Commission for the Chicago office suite. None of the Commission's landlords is a government entity, and the system of records does not include any information on usage of key cards held solely by a landlord. Accordingly, no person may, under Section 552a(d), obtain information concerning material solely in a landlord's possession concerning themselves, see Notification Procedures, *infra*. It should be noted, however, that the Commission's landlords represent that in the ordinary course they retain this data for no more than six months. The Commission retains its records for the Chicago office for about 90 days.

The principal purposes of the key card system relate to security of personnel and property. Information about usage may, however, be accessed for security and non-security purposes.

Thus, in the case of a theft on agency premises, a printout or similar document would be obtained showing entries into the relevant portion of the premises. This information might be conveyed to local or other law enforcement authorities. If a question arose whether an agency employee had in fact been at his or her workstation during non-business hours for purposes of a claim for overtime pay, the records

of key card usage might be accessed to confirm or rebut the claim. The Commission does not, however, use the key card system for regular, routine time and attendance purposes. See 5 U.S.C. 6106. The system may also be used for analysis of traffic and similar space usage purposes and may be accessed as part of service of data processing systems.

Accordingly, the Commission affirms the effectiveness of the new system of records as of June 11, 1996, with certain additional descriptive language added to the systems notice under the headings "System Location" and "Record Source Categories." The Commission also adopts the two new routine uses effective on publication as follows:

CFTC-33

SYSTEM NAME:

Electronic key card usage.

SYSTEM LOCATION:

Key card security systems are in use in the Commission's Headquarters, Chicago, Kansas City and Los Angeles offices. While each of these offices maintains the contents of its key card system, the system of records itself is under the control of the Office of Administrative Services, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Secs. 2(a)(2)(A)(b) and 12(b)(3), Commodity Exchange Act, 7 U.S.C. 4a(e) and 16(b)(3).

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

See the Commission's "General Statement of Routine Uses," Nos. 1, 2, 6 and 7, *Privacy Act Issuances*, 1991 Comp., Vol. IV, p. 144. In addition, information contained in this system may be disclosed by the Commission (1) to any person in connection with architectural, security or other surveys concerning use of office space and (2) to employees and contractors for the purpose of maintenance or service of data processing systems.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Paper records in file folders, computer diskettes and computer memory.

RETRIEVABILITY:

By name of the subject, by assigned key card number, by time period and by entry point.

SAFEGUARDS:

Information from the Commission's landlords' data bases may only be requested from the landlords by the Director of the Office of Administrative Services, or his/her designee. The Commission maintains all key card usage records in limited access areas at all times.

RETENTION AND DISPOSAL:

In accordance with the general record schedules and the Commission's record management handbook the records in the system are considered temporary and are destroyed when no longer required.

SYSTEM MANAGER(S) AND ADDRESS:

Director, Office of Administrative Services, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581.

NOTIFICATION PROCEDURES:

Individuals seeking to determine whether the system of records contains information about themselves, seeking access to records about themselves in the system of records or contesting the content of records about themselves should address written inquiries to the FOIA, Privacy and Sunshine Acts Compliance Staff, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581. The system of records and the notification, access and challenge procedures apply only to records of key card usage in the Commission's actual possession. None of these applies to any information solely in a landlord's possession.

RECORD ACCESS PROCEDURES:

See "Notification Procedures," above.

CONTESTING RECORD PROCEDURES:

See "Notification Procedures," above.

RECORD SOURCE CATEGORIES:

With one exception, information in the system is supplied by the Commission's landlords in Washington, DC, Chicago, Kansas City and Los Angeles, typically on request. Information supplied is a record of use of electronic key cards and in that sense the information is obtained directly from the users of the key cards. Both the landlord and the Commission maintain key card systems in Chicago. Information in the data base maintained in Chicago by the Commission itself is also merely recorded usage of electronic key cards and similarly is obtained directly from the user of the key card.

Issued in Washington, DC, on August 20, 1996, by the Commission.

Jean A. Webb,

Secretary of the Commission.

AGENCY: Office of the Secretary, DOD.

ACTION: Notice.

SUMMARY: This notice is to advise interested parties that the New Mexico Regional Federal Medical Center (NMFRMC) has been designated as a National Specialized Treatment Services (STS) Facility for Advanced Neuroimaging. This designation covers neuroimaging to support care for the following Diagnosis Related Groups (DRGs):

- 2—Craniotomy for trauma, age greater than 17
- 3—Craniotomy, age 0-17
- 10—Nervous system neoplasms with complications or comorbid conditions
- 11—Nervous system neoplasms without complications or comorbid conditions
- 12—Degenerative nervous system disorders
- 13—Specific cerebrovascular disorders except transient ischemic attack
- 16—Nonspecific cerebrovascular disorders with complications or comorbid conditions
- 17—Nonspecific cerebrovascular disorders without complications or comorbid conditions
- 24—Seizure and headache, age greater than 17 with complications or comorbid conditions
- 25—Seizure and headache, age greater than 17 with complications or comorbid conditions
- 26—Seizure and headache, age 0 to 17
- 34—Other disorders of the nervous system with complications or comorbid conditions
- 35—Other disorders of the nervous system without complications or comorbid conditions

The advanced neuroimaging modalities include 122 channel whole head magnetic source imaging, magnetic resonance imaging, and electroencephalography, with three dimensional integration of data. Advance neuroimaging evaluation will
