

of key card usage might be accessed to confirm or rebut the claim. The Commission does not, however, use the key card system for regular, routine time and attendance purposes. See 5 U.S.C. 6106. The system may also be used for analysis of traffic and similar space usage purposes and may be accessed as part of service of data processing systems.

Accordingly, the Commission affirms the effectiveness of the new system of records as of June 11, 1996, with certain additional descriptive language added to the systems notice under the headings "System Location" and "Record Source Categories." The Commission also adopts the two new routine uses effective on publication as follows:

#### CFTC-33

##### SYSTEM NAME:

Electronic key card usage.

##### SYSTEM LOCATION:

Key card security systems are in use in the Commission's Headquarters, Chicago, Kansas City and Los Angeles offices. While each of these offices maintains the contents of its key card system, the system of records itself is under the control of the Office of Administrative Services, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581.

##### AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Secs. 2(a)(2)(A)(b) and 12(b)(3), Commodity Exchange Act, 7 U.S.C. 4a(e) and 16(b)(3).

##### ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

See the Commission's "General Statement of Routine Uses," Nos. 1, 2, 6 and 7, *Privacy Act Issuances*, 1991 Comp., Vol. IV, p. 144. In addition, information contained in this system may be disclosed by the Commission (1) to any person in connection with architectural, security or other surveys concerning use of office space and (2) to employees and contractors for the purpose of maintenance or service of data processing systems.

##### POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING AND DISPOSING OF RECORDS IN THE SYSTEM:

##### STORAGE:

Paper records in file folders, computer diskettes and computer memory.

##### RETRIEVABILITY:

By name of the subject, by assigned key card number, by time period and by entry point.

##### SAFEGUARDS:

Information from the Commission's landlords' data bases may only be requested from the landlords by the Director of the Office of Administrative Services, or his/her designee. The Commission maintains all key card usage records in limited access areas at all times.

##### RETENTION AND DISPOSAL:

In accordance with the general record schedules and the Commission's record management handbook the records in the system are considered temporary and are destroyed when no longer required.

##### SYSTEM MANAGER(S) AND ADDRESS:

Director, Office of Administrative Services, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581.

##### NOTIFICATION PROCEDURES:

Individuals seeking to determine whether the system of records contains information about themselves, seeking access to records about themselves in the system of records or contesting the content of records about themselves should address written inquiries to the FOIA, Privacy and Sunshine Acts Compliance Staff, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581. The system of records and the notification, access and challenge procedures apply only to records of key card usage in the Commission's actual possession. None of these applies to any information solely in a landlord's possession.

##### RECORD ACCESS PROCEDURES:

See "Notification Procedures," above.

##### CONTESTING RECORD PROCEDURES:

See "Notification Procedures," above.

##### RECORD SOURCE CATEGORIES:

With one exception, information in the system is supplied by the Commission's landlords in Washington, DC, Chicago, Kansas City and Los Angeles, typically on request. Information supplied is a record of use of electronic key cards and in that sense the information is obtained directly from the users of the key cards. Both the landlord and the Commission maintain key card systems in Chicago. Information in the data base maintained in Chicago by the Commission itself is also merely recorded usage of electronic key cards and similarly is obtained directly from the user of the key card.

Issued in Washington, DC, on August 20, 1996, by the Commission.

Jean A. Webb,

*Secretary of the Commission.*
