

Health and Human Services announces the following advisory committee meeting.

Name: National Committee on Vital and Health Statistics (NCVHS).

Times and Dates: 9 a.m.–5 p.m., September 18, 1996. 9 a.m.–5 p.m., September 19, 1996.

Place: Room 503A, Hubert H. Humphrey Building, 200 Independence Avenue, SW., Washington, DC 20201.

Status: Open.

Purpose: The meeting will provide an opportunity for recognizing the contributions of ten retiring members and welcoming the new Chairperson and nine new members. Departmental officials will brief the Committee on recent legislative developments and new Committee responsibilities, activities of the HHS Data Council, and related data policy activities; the new members also will be briefed by the retiring and continuing members on pending issues and recent accomplishments, including the recently completed report and recommendations on Core Health Data Elements. The Committee also will discuss its future priorities and work plans.

Notice: In the interest of security, the Department has instituted stringent procedures for entrance to the Hubert H. Humphrey building by non-government employees. Thus, persons without a government identification card should plan to arrive at the building each day either between 8:30 and 9:00 a.m. or 12:30 and 1:00 p.m. so they can be escorted to the meeting. Entrance to the meeting at other times during the day cannot be assured.

Contact Person for More Information: Substantive program information as well as summaries of the meeting and a roster of committee members may be obtained from James Scanlon, NCVHS Executive Staff Director, Office of the Assistant Secretary for Planning and Evaluation, DHHS, Room 440–D, Humphrey Building, 200 Independence Avenue SW., Washington, DC 20201, telephone (202) 690–7100, or Gail F. Fisher, Ph.D., Executive Secretary, NCVHS, NCHS, CDC, Room 1100, Presidential Building, 6525 Belcrest Road, Hyattsville, Maryland 20782, telephone 301/436–7050.

Dated: August 21, 1996.
James Scanlon,
Director, Division of Data Policy.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639–7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS–D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Projects

1. Prevention Marketing Initiative Community Demonstration Site Project Evaluation—(0920–0343)—Extension—The Centers for Disease Control and Prevention, National Center for HIV, STD, and TB Prevention, Division of HIV/AIDS Prevention, Community Assistance, Planning, and National Partnership Branch's Prevention Communications unit is planning to conduct a longitudinal track study as part of the evaluation of a five-city HIV prevention demonstration program. This demonstration program is part of the CDC's national Prevention Marketing Initiative. The local demonstration program involves the integration of social marketing processes and community participation in an effort to develop and implement HIV prevention activities.

Community groups in the local demonstration sites have chosen to target people 25 years old and younger using a variety of intervention strategies. Decisions about the nature of local interventions are based on formative research conducted in each community. It is hoped that this demonstration project will result in reductions in HIV risk behavior among people 25 years old and younger, as well as enhanced collaboration among individuals and organizations in the participating communities.

To evaluate the effectiveness of the interventions, questionnaire data will be collected from people 25 years old and under in demonstration communities. These data will be collected before and after prevention activities and message campaigns are launched. A baseline survey is planned in Fall, 1996 under OMB NO. 0920–0343 (Evaluation of the National AIDS Information and Education Program Activities). The cost to respondents is estimated at \$10,000.

Respondents	No. of respondents	No. of responses/respondent	Average burden/response (in hrs.)	Total burden (in hrs.)
Young people under 25 years of age in targeted prevention program communities	4,000	1	.25	1000
Total	1000

Dated: August 21, 1996.
Wilma G. Johnson,
Acting Associate Director for Policy Planning and Evaluation, Centers for Disease Control and Prevention (CDC).
